

State Begins Rationing Of All Whiskeys Next Monday

Pennsylvania's whiskey will be rationed for a seven-week period beginning Monday, November 15 and will continue through the rest of the year, the Liquor Control Board announced today.

Each retail buyer, who has War Ration Book No. 3 and who is of legal age, will be permitted to purchase one-fourth of a quart and one pint bottle of whiskey during the seven weeks. If the buyer desires both bottles, he or she must purchase both bottles at the same time. Sales will be confined to residents of Pennsylvania, except for members of the armed forces.

Officers and enlisted men and women in Pennsylvania, who have attained the legal age of 21, will be rationed under a plan which is being worked out by the Liquor Control Board with military authorities.

**Plenty of Wines**

The Board estimates that there are 3,000,000 whiskey consumers in the state and proposes to spread the available supplies as equitably as possible among them.

Whiskey will be the only merchandise rationed. Rums, all United States table or dry wines, Italian type wines and all foreign wines, except sparkling wines, may be purchased in any desired quantity.

**The Board froze purchases by each licensee to one state store; adopted a regulation aimed at "runners" making it illegal for any licensee to buy whiskey earmarked for the public; rationed whiskey to the 18,000 licensees of the state at 60 per cent of their purchases during a normal period and apportioned the supply of whiskey as between the licensees and the public on the same basis that the Board's records show existed in normal times.**

**Experimental Plan**

The rationing plan is experimental and is based on the Board's judgment that it has built its whiskey stocks to a point where it is believed they are sufficient to support the rationing program and provide each citizen with an opportunity to purchase his or her allotment at any time during the rationing period.

Here is how a retailer will purchase his or her allotment if they desire:

The purchaser must present his or her War Ration Book No. 3 at the State Liquor store. No other ration book will be accepted. No one may purchase liquor for another. The buyer will fill out an identification slip, available at the liquor store, giving his or her name, address, age, sex, weight, height and occupation (information already on the front cover of Ration Book 3). Then the slip must be signed. The name on the slip must correspond to the name on the ration book.

**Quota Assured**

The liquor store clerk will stamp and punch the inside back cover of the ration book, retaining the identification slip to provide a record of sale and to register the retail buyer in the event a permanent rationing program is adopted.

There will not be a wide variety of brands of whiskey to select from. The Board will distribute the brands and quantities it now has on hand or can acquire. Seventy per cent of the whiskey will consist of a variety of brands and the remaining 30 per cent of one brand which is in good supply.

No one will be assured of the brand he desires, but he is assured of having his allotment filled during the rationing period. Many brands are obtainable in restricted volume only.

Merchandise which the public may continue to buy in unrestricted quantities, if desired, during the rationing period includes:

**Other Merchandise**

Rums, all United States table or dry wines, such as Sauterne, Haut Sauterne, Rhine wine, Riesling, Chablis, Moscato Secco and all Italian type wines such as Barbera, Chianti and Zinfandel and also Claret and Burgundy. Foreign wines may also be purchased in any desired quantity with the exception of sparkling wines.

In addition, a person may buy at one time, if available, one bottle of dry gin, fruit-flavored gin, sloe gin, brandy, cordials, liqueurs, rock and rye or cocktails.

At the same time a person may also buy an additional bottle, if available, of any United States dessert wine, which includes Port, Sherry, Muscatel, Tokay, Angelica, fruit wine or Marsala; or a bottle of aperitif, or a bottle of either U. S. or foreign Vermouth or a bottle of any sparkling wine.

**ON WAR COMMITTEE**

Judge W. C. Sheely has been appointed to the Workmen's Compensation Law committee of the Pennsylvania State Bar association. Various committee appointments to committees of the state association were announced Thursday. The appointments were made by William Clarke Mason, Philadelphia, the state president.

War Service Honor Roll Dedicated At Armistice Day Rites

Adams county's War Service Honor Roll, honoring men and women of the county serving in the armed forces of the nation and those who will have seen service before victory, was dedicated at special exercises conducted in center square Thursday evening, as the climax to this community's observance of Armistice Day.

A crowd of more than 1,000 braved chill breezes to hear the dedicatory address by Col. George H. Hafer, deputy director of the Selective Service System in Pennsylvania, and witness the unveiling of the honor roll.

Colonel Hafer charged the audience to remember that the erection of the honor roll does not meet the full obligation of the public to the men and women in service and to the cause which they are serving. "No person here will deny his responsibility to furnish blood plasma, buy war bonds, plan for the care of wounded and disabled, plan for the employment of returning soldiers and help with the salvage drives," Colonel Hafer said.

**Dr. Wickerham Presides**

The ceremonies opened shortly before 8 o'clock Thursday evening with the arrival of the 55th College Training Detachment (Aircrew) from Gettysburg college, the high school band, American Legion color guard and the county unit of the State Guard Reserve into the square. The air cadets massed about the northern half of the square while the State Guard stood on the southeastern quarter of the square.

The color guard, comprising Lawrence M. Sheads, Howard W. Sheffer, Paul L. Spangler and Vincent Florence, marched to the honor roll on the site of the Dougherty and Hartley building where they stood at attention throughout the service.

Dr. R. D. Wickerham presided at the service which was preceded by selections by the high school band and the air cadet band. The Rev. Dr. Harvey D. Hoover, of the Gettysburg Lutheran seminary faculty, gave the invocation. George P. Black, of the Sons of Union Veterans, led the assembly in singing "America."

**Unveiled by Gold Star Couple**

Judge W. C. Sheely introduced Colonel Hafer. In his introduction Judge Sheely termed the honor roll construction another example of the "willingness of Adams countians to work together in a patriotic enterprise." High praise was given by Judge Sheely to the members of the honor roll committee and to all others who took part in the erection of the marker.

Following Colonel Hafer's address, Mr. and Mrs. Joseph D. Kendeheart, parents of James Kendeheart, first countian reported killed in action in this war, unveiled the honor roll. Temporary floodlights were turned on the cream-colored wooden cases containing the roll of honor. The names of the men in service are printed in gold on mahogany painted wooden strips fastened to a black background.

**Seek Names Omitted**

The singing of "God Bless America," led by Mr. Black, a moment of silence in honor of those who have lost their lives in the two World Wars, benediction by the Rev. Fr. Mark E. Stock, pastor of St. Francis Xavier Catholic church, and the "Star Spangled Banner" concluded the service.

On the platform were, as special guests, Captain John Coshey, commandant of the air cadets at the college; Captain C. Arthur Brame, commandant of the State Guard Reserve unit here, and Lieutenants William A. Raffensperger and George Dayhoff.

Doctor Wickerham asked persons who note omissions in the list of names on the honor roll to write to the Adams County Honor Roll committee at the First National bank building giving the name of the man or woman in service, the address at the time of entering (Please Turn to Page 2)

B And C Gasoline Coupons Worth Five Gallons Dec. 1

Washington, Nov 12 (AP)—Five gallons of gasoline will be obtainable on each B and C coupon after Dec. 1 but motorists will not receive more gasoline, the Office of Price Administration said today.

Since many car owners buy in five-gallon units, the OPA explained, the new "B-2" and "C-2" coupons will save manpower and the handling of fewer coupons by local ration boards. The present value of supplementary coupons is two gallons in the east and midwest and three in the far west.

"A" books will not be affected by the new arrangement.

ISSUES APPEAL FOR DONATIONS TO RELIEF FUND

Adams county's rural residents today were urged by Paul A. Kinsey, chairman of the county War Fund drive, to send their contributions to the fund to solicitors in the nearest town.

"It is apparent that the solicitors, all of whom are giving their time gratis, will be unable to reach the rural areas surrounding their communities because of the shortage of gasoline," Mr. Kinsey asserted. "Most of the solicitors are using what little gasoline they have available to reach farmers and others near their towns but they will not be able to reach the large majority of rural dwellers."

**Many Not Reached**

"Many rural residents have already left contributions with the solicitors during trips into nearby communities, and I feel that hundreds of others will wish to give, but have not so far because they have not been asked," he said. "Do not wait for the solicitor to see you—simply leave your donations with a solicitor the next time you go to your nearest community," Mr. Kinsey urged.

At the same time Mr. Kinsey reported that the drive which reached \$12,060 today with \$50 contributions each from the Gettysburg lodge of the Moose, and the Gettysburg Woman's club — was continuing. Solicitors throughout the county are continuing to call on residents of the various towns and nearby areas in order that no one will be missed, Kinsey said. The goal of the solicitors is \$5 per family so that the \$28,770 quota for the county will be reached. "While a \$5 total for each family would have the War Fund something over \$50,000 it is not expected that the drive will reach that mark. Some families simply cannot give \$5 and the ones that can afford that amount will lift the total," he said.

**Second Donations**

Some donors are giving additional contributions. Mr. Kinsey reported, with many turning in an additional \$1 or \$2. "Many were unable to give more than \$1 at the time the solicitor visited them, but now are able to give an additional sum and are doing so," Mr. Kinsey asserted. Over 7,500 families in the county have still to be reached by the drive. It was reported, with less than 2,500 individual contributions made so far.

The McSherrytown area has not as yet begun its campaign, with the solicitors there, directed by Monsignor Patrick F. McGee, scheduled to start the campaign Monday. McSherrytown, Brunshtown, Conewago chapel, Irishtown and other surrounding communities will be reached by the McSherrytown committee, it was stated.

ENTERS PLEA ON MANSLAUGHTER; GRAND JURY DAY

Robert Curvin Dietz, 34, Hallam R. 1, truck driver, entered a nolle contendere plea Thursday on a charge of involuntary manslaughter brought against him as a result of the death of William W. Miller, 68, Gettysburg R. 5, farmer in an accident October 13.

Dietz' case was one of eight scheduled to come before the November grand jury this morning. Dietz had been driving a truck owned by Hespeneide and Thompson, York grain dealers, at the time of the accident. Miller was driving a grain drill along the Lincoln highway four miles east of Gettysburg when Dietz ran into the rear of the drill, demolishing it and instantly killing Miller.

**Directors Named**

District Attorney J. Francis Yake, Jr., announced that the nolle contendere plea had been filed as the grand jury began its investigations this morning.

Joseph Martin, Gettysburg R. D. sentenced several months ago on a charge of public indecency, was paroled by the court this morning. The parole will extend for two years.

Harry Mummert and Howard W. Albright, who were appointed school directors for Conewago Independent district and whose terms would expire December 6, were reappointed by the court for six year terms as a result of a petition handed to the court today.

The grand jurors included Floyd E. Brown, Fairfield; Dennis Bucher, Littlestown R. D.; Alfred Clark, Biglerville R. 1; H. Allen Epley, Littlestown R. 1; Lloyd C. Gilbert, Gettysburg; Miss Bertha Heiges, Biglerville; Roy Hess, Gettysburg R. 3; D. D. Kendeheart, Gettysburg; Martin Kime, Gettysburg; Harry Kline-dinst, York Springs R. 2; Harry Leonard, McSherrytown; Ralph A. Menchey, Gettysburg R. 3; J. E. Miller, New Oxford, R. 2; Miss Mary Ramer, Gettysburg; Harold Reuning, Gettysburg; Jerry Spence, Gettysburg R. D.; Mrs. Margie Sterner, New Oxford R. D.; Neely Taughnbaugh, Gettysburg R. 4 and Harry Whitcomb, York Springs.

Southwest Pacific Allied Headquarters, Nov. 12 (AP)—General MacArthur and Admiral Halsey gave the lie today to Japanese claims of sinking battleships, aircraft carriers, cruisers and destroyers during the current Allied drive in the northern Solomons toward Rabaul.

Not one Allied warship has gone down, the two leaders said through their spokesmen.

The naval score since the Marines landed November 1 on the now firmly secured Empress Augusta bay beachhead on Bougainville's west-central coast thus reads:

Against Japan—three cruisers and eight destroyers sunk; at least 11 cruisers and four destroyers damaged; and two cruisers probably damaged.

Against the Allies—damage to an undisclosed number of warships.

"Japanese claims of sinking warships and of a naval battle subsequent to the naval action reported off Bougainville the night of November 1-2 are without any basis whatsoever," General MacArthur's spokesman said.

REDS NEAR POLISH BORDER

By RICHARD McMURRAY  
The Associated Press

Russian armies advancing on the approaches of Zhitomir today reached the halfway mark from Stalingrad to Berlin in a sustained, nine-months drive of 700 miles from that heap of Volga rubble to the western Ukraine.

They fought their way 60 miles west of Kiev to less than 30 miles from the last north-south railway the Germans held in Russia. A hundred towns fell. About 8,000 Germans died. The Kiev bulge was spreading west, northwest and southwest and the demoralized Germans appeared powerless to arrest it.

**720 Miles From Stalingrad**

The Red Army was within 28 miles of Zhitomir which lies 675 miles southeast of Berlin and 720 miles west of Stalingrad where the tide of the Russian war turned decisively last February 3 when the Russians completed the liquidation of the German Sixth Army of more than 300,000 men. Points in the Kiev bulge were about 80 miles from old Poland, but further north in the Nevel sector where other Russians were driving forward, Poland was only 20 to 30 miles away.

The Germans declared that the Russians were trying to "force a turning point of the entire war" in the battle west of Kiev and also spoke of a powerful Russian lunge in the Chernigov sector north of the Ukrainian capital close to the Pripiet marshes, which divide German armies of the north and south. Violent, inconclusive fighting continued in the sealed off Crimea.

Weather Slows War In Italy

By EDWARD KENNEDY  
Allied Headquarters, Algiers, Nov. 12 (AP)—Extremely bad weather and difficult terrain in front of the Germans' winter defense line slowed the Allied drive in Italy to limited gains, Allied headquarters announced today.

A one-mile advance by Lt. Gen. Mark W. Clark's Americans of the Fifth Army and the capture of one more commanding feature on the slopes of Mount Camino near Mignano at the western end of the Allied line were announced. Gen. Sir Bernard L. Montgomery's Eighth Army engaged in sharp patrol skirmishing near Acquafredda in the central sector and exchanged artillery fire with the Germans across the Sangro river.

**Capture Prisoners**

A sharp German counterattack at Calabritto near Mignano was beaten back by Clark's Fifth Army and prisoners were taken.

With little change in the past 24 hours along the whole length of the front, Allied air forces opened a new offensive on the supply lines of the fortress of Europe. Liberators of the 15th Air Force reached across the Alps into southern France for two smashing blows at railways and war industries at Ancey and near Cannes in cooperation with similar assaults by the RAF in Britain. RAF Wellingtons struck by night at the freight yards at Prato near Florence.

The Liberators were unescorted and all returned safely.

Despite the slow Allied march, the Germans apparently had little hope of holding Gaeta very long. Aerial reconnaissance showed they had blown up the oil tanks at that west coast port nine miles behind the present lines.

Reconnaissance also brought back evidence that they had carried out new demolitions at Leghorn, sinking two more ships in Leghorn harbor in an effort to close its northern entrance. The Germans apparently had decided to disperse with the use of Leghorn even for coastal shipping and sealed the harbor to impede any Allied raids or coast-hopping landings.

Red Cross Ships 144 Service Kits

One hundred and forty-four kit bags were shipped by the county Red Cross today to be distributed to members of the armed forces.

The Red Cross also announced that wool has been received to make 40 navy turtle-neck sweaters, and a number of sleeveless sweaters, helmets and mufflers for the army. Women who wish to knit the garments are asked to call at the Red Cross office in the court house.

Name Four Price Panel Members

Four additional members have been named to the price panel of the New Oxford War Price and Rationing board. It was announced today. The board is being expanded, it was stated so that a representative of the panel will be available in every section served by the board.

The new members include Mrs. A. P. Wagner, New Oxford; Miss Mary Weaver, Littlestown; Thomas N. Cashman, York Springs R. 1 and James C. Roth, McSherrytown. The Rev. Richard E. Shaffer, East Berlin, is chairman of the panel.

**SUSPECT RELEASED**

Charles E. Bowser, 52, Abbotstown, was released in York police court Thursday by Magistrate H. Gellard Fickes with the warning that should he appear again within 20 days he would receive a stiff sentence, following his arrest as a suspect for stealing a pair of scales Wednesday morning.

Nazi Targets Are Blasted

London, Nov. 12 (AP)—British-based RAF bombers struck a heavy blow at the French Riviera rail link with Italy last night only a few hours after Mediterranean-based Liberators and Flying Fortress blasted the same area in the two-way assault to seal feeder arteries to Nazi armies in Italy.

The RAF blow was "heavy and well concentrated" at Cannes, only 15 miles east of Antenor, target of the Thursday daylight assault by the Mediterranean-based Liberators and Flying Fortresses.

Other Mediterranean-based formations surmounted the Alps to blast the important Nazi bearing factory at Ancey, nestled in the mountains 30 miles south of the Swiss frontier and 40 miles west of the Italian frontier. Allied bombers have hit repeatedly at similar plants in Germany and Italy in an effort to end German production of this vital war product.

Last night's return blow at the Riviera railway emphasized the importance with which the Allies view this rail link as the result of damage to the Brenner pass and the Mt. Cenis tunnel railroads during the past 48 hours.

SALVAGE DRIVE THIS EVENING

Gettysburg's firemen will be seeking every bit of salvage material in the town this afternoon when they begin their house to house scrap drive at 4 o'clock. The drive is expected to last far into the evening and possibly will be completed Saturday if the firemen are unable to gather all of the salvage materials on the sidewalks this evening.

Many townspeople have reported they will have an exceptionally large amount of scrap on hand and the firemen have made arrangements in some instances to stop at homes to remove scrap metal articles too heavy for the house-holders to move to the sidewalks. Salvage Chairman Vernon B. Corle said today that those householders with articles too heavy to be removed should report to the firemen as they drive by during the collection and the firemen will go into the home to remove the articles.

# REDS MAY SOON RIP LID OFF IN BALKAN SECTOR

By DEWITT MACKENZIE

It's taking a mighty lot of different materials to win the war and build our brave new world, and often in studying the current news in preparation for writing this column I feel like breaking away from the formal article and just setting down some of the medley of impressions which one gets from this humanized daily history of mankind—and today we'll mix it up a bit.

What first—the war or the murder case in British Nassau? All right, I'll concede the mystery story, the red-robed and bewigged Chief Justice Sir Oscar Bedford Daly declared in charging the jury:

**Law Stands In Warime**

"No man in the Empire, even in time of war, can be found guilty except on verdict of a jury."

Impression: That law applies in America, too. One of the things this war is being fought for is to sustain such rights. You have that driven home when you recall Hitler's savage threat in his Munich beer-hall speech last week.

"What happened in 1918 will not happen a second time. When many thousands must fall in battle, I will not hesitate to put a few hundred criminals (people advocating peace) to death at home."

**Balkan Explosion**

The Red forces thundering southward from Kiev are a hundred miles or so from the Rumanian frontier. That border is Hitler's lid which is keeping all hell from breaking loose in the Balkans.

Impression: The moment the Fuehrer is forced to withdraw his control from this cockpit of south-eastern Europe, the Balkans will blow up in his face. No wonder the Allies and Turks are whispering animatedly.

**Russian Perfection**

War Production Board Donald Nelson, in telling a press conference about his recent trip to the Soviet Union, said the Russians had perfected the flow of materials in war industry—"I mean the flow of material into a plant, and the flow of material out, much better than we have."

Impression: When you're fighting the greatest battles ever waged and are consuming more war material than ever before has been poured into conflict, you have no alternative but to perfect your flow of supplies. There can be no consideration in Russian industry of anything but to move supplies as fast as human strength and skill permit. That's a home-front job, and Russian civilians are a lot nearer the actualities of war than we in America.

**Foundation of Peace**

Anthony Eden, British Foreign Secretary, gave the House of Commons an accounting of his stewardship at the Moscow tripartite conference. He didn't make many disclosures, but he did say that the major success of the parley was in "the basis of good-will and confidence" which it established among the big three.

That naturally pleased this columnist, who more than once before the conference suggested that the biggest thing which could come out of it would be the removal of distrust among Britain, America and Russia, and the establishment of good-will. Disputes will succumb to good-will.

Impression: That's the foundation of all peace. Also, it does seem like a good idea for a foreign minister, or other members of cabinet, to appear before Parliament and talk direct to the members. Do I hear someone saying "that gallant American eagle," Mr. Cordell Hull?

**"Last Mile" Toughest**

Robert Morrison, member of the British House of Commons, suggested that a reward be offered by the Allies for the capture or "destruction" of Nazi leaders. The foreign office replied that Allied plans now being worked out will make such a reward unnecessary.

Impression: That "last mile" is the toughest, Herr Hitler. Come to think it over, it's also the toughest for the executioners, as we saw when they balked at "hanging the Kaiser" after the last war.

**End Of "Youth" Course Postponed**

Because of the illness of Dr. Bertha Paulsen, the series of lecture-discussion sessions led by the Seminary faculty members could not be completed on schedule Thursday evening. The course is being sponsored by the Public Welfare committee of Adams county. Its theme is "Youth in a World at War." Announcement will be made of the date for the final meeting of the class on the topic "Youth in the Community."

In the absence of Doctor Paulsen Thursday evening the group discussed books read during the course, the work of the Child Welfare service and the Tri-County Child Guidance center in Harrisburg which is available to all Adams county parents and teachers who wish to use it. Miss Mary Hobson Jones, field secretary for the Public Charities Association of Pennsylvania, led the discussion.

service, date of entry, branch of the service, and the name of the person giving the information so that the list may be made complete. There are 2,640 names on the board at the present time.

# Committee Members

Persons who notice misspelled names on the roll were asked by Doctor Wickerham to report the misspellings to the honor roll committee. Parents of men and women in the Army were urged to report the deaths of service men. The honor roll committee chairman urged that all reports be made to the committee in writing—not by telephone—so that permanent records can be kept. A post card or letter containing the details will be sufficient, he said.

A number of strips containing the names were split while being placed, Doctor Wickerham said, and those strips will be replaced.

The honor roll committee included, besides Doctor Wickerham, C. Arthur Brame, representing the American Legion; James Shenk, Lions; Mrs. Henrietta Blocher, Soroptimists; Edward Culver, Moose; Rufus Bushman, Elks; James B. Aumen, fire company and Eagles, and G. H. Roth, Rotary.

# Gross Raises Ire Of Harold L. Ickes

Representative Chester Gross, Manchester, of the York-Adams-Franklin district, served on a House committee before which Secretary Harold L. Ickes appeared at a hearing on the case of Dr. Robert M. Lovett, Virgin Islands official, Wednesday. Congress has ordered Lovett cut off the payroll November 15 because an appropriations subcommittee accused him of associating with "Communist-front" organizations.

Upon a request of Representative Gross that all federal employees in the room rise and be counted, Ickes stood up along with five Interior department employees and declared: "And may I add that we are tired to death of wasting public funds and public time in appearing before useless and fruitless committees of investigation."

ear to the need for enlarging its armed forces.

"It was not until June 20, 1940, that a bill was introduced in Congress to provide for the increase of the armed forces.

"True to the traditions of a democracy, that bill was fully debated in Congress, and it was not until September 16, 1940, almost three months later, that the bill became law.

# France Falls

"This was three months after France, with an army of six million regarded as one of the finest armies in the world, had, within less than a year of its entry into the war, been conquered and its line of fortifications, prepared over many years, regarded as an impregnable defense, completely smashed by modern military machines.

that America, with the fury of such a storm raging in Europe, even then limited the expansion of the army to 900,000.

"Even though an army of 900,000 was authorized, appropriations for the maintenance of only 800,000 were made.

# Pearl Harbor

"Then suddenly, on a peaceful Sunday morning, the lightning which had been flashing its warning of impending chaos to this country but went almost unheeded, struck and struck in a most treacherous way at Pearl Harbor.

"For a long time, the security of the nation required that the real disaster which occurred as a result of this treachery should not be revealed to the nation. It was only after an extraordinary salvage and reconstruction job had been done by the Navy that the nation could be informed of the catastrophe which was in the making, had Japan followed up the amazing success of its surprise attack.

"Suddenly, America was confronted with the realization that its shores had been attacked.

"No longer could America disregard the storm warnings and content itself with carrying the umbrella of self-defense. The fury of the storm which had begun to rage was such that it was obvious that the doctrine of protecting our own shores was inadequate, for our very shores had been invaded and the mainland threatened.

"As a result of this treacherous attack, we were drawn into a war which now involves 42 countries.

"Overnight, America changed from a defense program to a war basis. Immediate plans were made for a tremendous increase in the armed forces.

"Today, it appears that it will require eleven million men in the armed forces, almost four times the total number engaged in the World War.

"The 1940 census showed that Pennsylvania is the second state in population in this nation.

It has one-thirteenth of the total population. As a great industrial

state, it constitutes a most important cog in the program of having America be the arsenal of democracy.

"Notwithstanding the industrial importance of the state, it is required to furnish one-thirteenth of the armed forces necessary to win this war, and everytime you see a military unit march by, you should realize that every thirteenth man is a citizen of this state.

"Only two days ago, Prime Minister Churchill, speaking in London, said:

# Sacrifice in 1944

"Unless some happy events occur, on which we have no right to count, unless the hand of providence is stretched forth by some crowning mercy, 1944 will see the greatest sacrifice of life by the British and American armies. Battles, far larger and more costly than Waterloo or Gettysburg, will be fought. Sorrow will come to many homes in the United Kingdom and throughout the great republic of the United States."

"Let us not forget that the erection of this honor roll to those now serving, and to those who will, before the end of this war, serve their country, is not a discharge of our obligation. We cannot and should not for a moment be content to relax and say—'We have done our part and given you credit publicly for serving your country.'"

"Is there anyone here who doubts that each and everyone of us, to keep faith with those who may be called upon to surrender their lives to preserve our way of living, must:

"1. Furnish blood plasma.

"2. Buy war bonds to finance the tremendous war machine necessary to furnish our fighting forces with adequate implements of war.

# Soldier Employment

"3. Plan for the care of the wounded and disabled.

"4. Plan for the employment of returning soldiers.

"5. Participate in scrap drives, paper drives, and any other drives determined essential to the war effort.

"6. Support wholeheartedly the patriotic citizens, who, as uncompensated members of draft boards, are called upon to select those citizens in the community who should serve in the armed forces, rather than continue their civilian occupation.

"We should all realize that these patriotic citizens are required to keep confidential many of the reasons causing the rejection of men for military service. We should all realize that they are required to classify manpower based on needs determined after national surveys, and we should cooperate with local board members in furnishing them every fact relative to the classification of the citizens of this community.

"All of us should be careful not to pass along rumors or make statements when we are not familiar with the facts.

"7. All of us should write those serving overseas. Only yesterday there was an article in the Army and Navy News saying that while it was too late to send packages overseas for Christmas, there was one exception to the rule—you can send a package of home-pictures, news and information which will cheer your boys in foreign lands.

# Guard Against Rumors

"Only last week, I received a V-mail letter from a young Marine lieutenant fighting in Guadalcanal, and one sentence in particular has been indelibly burned in my mind. He said—'Life here is not the life which the movies show service in the South Sea islands to be.'"

"Soldiers, sailors and marines, like he, have left their home, their career, their wives, their sweethearts, and are willing, if necessary, to sacrifice their life to guarantee to those of us at home that we and our children may continue to live a free nation and enjoy the life, liberty and happiness which the founders of this nation sought for each person when, 168 years ago, this nation was born.

"I say to each and everyone here that, if in this epic struggle we are not to break faith with those who die, we must think not only of the end of the war, but we must plan for the kind of a peace which will enable all men to enjoy the four freedoms.

# Early Victory

"Tonight this honor roll will be unveiled by the parents of a boy who gave his life to his country.

"As it is unveiled, let each one of us pledge to do our utmost to bring this war to an end so that not another Armistice Day shall pass without its end.

"As we return to our duties, let us realize that we must all think and plan for the kind of peace for which our sons and daughters are today giving their lives.

"Today, as the unknown soldier sleeps in Arlington Cemetery, another falls in Italy, over Germany, or in Bougainville island, and wherever else our armed forces are in contact with the enemy, let us dedicate our lives to the awakening of America to the necessity for maintaining the liberties which we have inherited as a result of the purchase of such liberty by our sons, our daughters, our friends with sacrifice, and, in many cases, with their blood of life.

"Those liberties and the ideals for which we now fight should be cherished and protected in the future, and we should be zealous in our endeavors to preserve any infringement or destruction of those liberties."

American's Day Starts With Breakfast

American crystal never asks the time of day. You can set it out for breakfast, again for lunch, dinner, and all other times when food or drink is in order. It sparkles and glorifies any setting and is sturdily made to endure hard usage. Another virtue is its amazing low price. Still another, it is open stock. You can always match and add. So can one for whom you buy American as a gift.

## BULLETS WILL PLAY 10-GAME CAGE PROGRAM

Gettysburg college will re-enter inter-collegiate athletics this winter with a varsity basketball team playing a 10-game schedule and a freshman team engaging in four or more contests.

Under the direction of Head Coach Henry T. Bream, at 16-man squad has begun regular workouts on the Eddie Plank Memorial gym floor and expects to present a finished appearance in their first game, listed for January. Although there are only four upperclassmen out of varsity berths, "Hen" is rapidly working them and the 12 freshman candidates into collegiate basketball form.

Vince Parnell, speedy, sharp-shooting varsity forward, and only remaining court letterman, will probably hold down his old position. Don Roberts, football letterman and a member of last year's second basketball squad is Bream's second man with competitive collegiate experience. Most of the freshmen are without even high school court records, and to complicate their difficulties, the best are subject to draft call during the winter months.

### Fresh With Play

The freshman team will play a card of contests with local high school clubs in order to lend some diversion to the varsity scheduling. A feature of the matches to be played by the varsity group will be preliminary games with the competing teams from the different flights of the Air Cadet candidates of the 56th College Training Detachment of the Army Air Corps stationed at the college.

Six of the proposed ten varsity games have been arranged but will not be announced until the entire schedule has been completed by C. E. Bülhmer, director of athletics.

## Warns Rutgers 11 Of Over-Confidence

New Brunswick, N. J., Nov. 12 (AP)—Warning his Rutgers varsity football men Wednesday against overconfidence in the coming battle Saturday with Lehigh, Coach Harry Rockefeller said the Engineers had "nothing to lose and everything to gain" and were priming themselves for an upset victory over the undefeated Scarlet.

Rutgers romped to a 26-6 victory over Lehigh on Oct. 31, but Rocky said the return game at Bethlehem, Pa., would be no pushover.

Donner Atwood, of Albany, N. Y., taking the place of fullback Bela Rieger, who was absent from yesterday's practice, carried the ball across the line three times for the second stringers in a scrimmage with Army trainees. The soldiers reached the goal once with Lehigh plays.

## 5 State Colleges Plan Cage Cards

Pittsburgh, Nov. 12 (AP)—Only five western Pennsylvania colleges—Pitt, Carnegie Tech, Washington & Jefferson, Westminster and Geneva—are planning to put basketball teams on the courts this season.

Football teams were fielded by but two of these, Pitt and Tech. And, as in football, the schools sponsoring basketball will have to struggle along mainly with 17-year-olds and 4-F's.

Waynesburg and Allegheny colleges are undecided about the hardwood sport, but there's little indication they will play this season.

Duquesne, often a championship contender, heads the list of casualties. Others out of the picture include St. Vincent, Grove City, Thiel, California and Slippery Rock Teachers.

## Penn Player Is Returned To Squad

Philadelphia, Nov. 12 (AP)—Departure of Walter Buben for the Bainbridge Naval base Monday as a V-12 trainee left Penn's football coach George Munger perilously short of ends, but Walt was back today as a V-5, having passed the flight preparatory examination.

The V-5 program also produced a new tailback for the Red and Blue. He's Jack McTamney, former Philadelphia high school star who matriculated at Georgetown, but played on Duke's undefeated jayvees as a V-12 this season.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Nov. 12 (AP)—Mexican sports fans are getting so enthusiastic over baseball that Mexico City newspapers are spending a lot of money to get box scores on Cuban winter league games, in which a few Mexicans are playing. . . and a recent fight between Juan Zurita and Young Pinnegan in Panama drew a record crowd of 12,000. . . looks as if it might pay some of our pro athletes to investigate this good neighbor business—especially since they say that, due to Mexico City's high altitude, curve balls become mere wrinkles and a 400-foot hit is nothing unusual. . . come to think of it, while they're talking about bringing California cities into the big leagues after the war, why not Mexico City, too?

During the Boston Bruins-Detroit Red Wings hockey game last week-end, Boss Art Ross of the Bruins was summoned to the telephone by a newspaperman, who told him that his son, Art, Jr., had shot up two German barges in France. . . replied Ross: "I'm glad somebody in the family is doing well, because we're taking a pasting here right now."

### PIGSKIN PICKS

(Army vs. Sampson Naval Station.)

Army, something to cast your lamps on, gives a G. I. haircut to Navy's Sampson. (North Carolina vs. Pennsylvania) No see.

N. C. (Georgia Tech vs. Tulane.)

I may be sticking out my neck. In darning to pick this one my way, I expect to see the rambling wreck Speeding down a Tulane highway. (Notre Dame vs. Northwestern.) Northwestern's Wildcats will be tame.

After they tangle with Notre Dame.

### TODAY'S GUEST STAR

Billy Kelly, Buffalo Courier-Express: "The idea that a man is able to play baseball or football but can't pass his draft board physical has been the subject of considerable scoffing. But records show that even in normal times many ball players have many ills. Bellyaches are so common in baseball that it is almost an occupational shortcoming. In fact, bellyaches on the bench are the chief cause of headaches among managers and in the front office."

### SERVICE DEPT.

When he enlisted in the Army, Dave Jimenez, former high school football and track man from Fresno, Calif., had fought two amateur bouts and lost them both. Now, under the coaching of Pfc. Bernie Reyes, Dave has become the outstanding middleweight of Camp Kohler, Calif., with nearly a dozen victories in a row. . . Marine officers set four new world pistol shooting records in the Quantico, Va., range the other day. . . and they're pretty good at firing at the running Jap target, too. . . S-Sgt. Pershing Mondorff, former Maryland U. star who is in charge of basketball at Keesler Field, Mass., expects to have at least 40 squadrons teams in league court play this winter. . . Seaman Phil Muscato, Buffalo middleweight, has packed on so much weight at the Sampson, N. Y., Naval training station that he expects to be a full-fledged heavyweight, like his brother, Corp. Joe, before the war ends.

CLEANING THE CUFF

Alvin Dark of Southwestern Louisiana Institute, rated by some experts as the best back in the South, also is a good enough shortstop to be a big league prospect, a good golfer and one of the best basketball players ever to show at Louisiana State, where he played before the Marines shifted him to S. L. I. Don Gorman, who'll play center for Columbia against Navy tomorrow, served 20 months in the Navy before entering the V-12 program. He was stationed at a West Indies "lease-lend" island base before coming to Columbia as a lease-lend player.

In most animals the eyes look to the side and have separate fields of vision.

## IRISH PICKED TO WIN AGAIN; PENN SELECTED

By ORLO ROBERTSON

New York, Nov. 12 (AP)—Heading into the home stretch with a season's record of 181 victories, 42 setbacks and eight ties we give you the following winners (we hope) on tomorrow's football program:

Notre Dame-Northwestern—"Go you Northwestern, break right through that line." Having given a cheer for the Wildcats, will the secretary please cast the usual ballot for Notre Dame, but look out, Otto Graham may make it tough.

North Carolina-Penn.—Even with Bob Odell a possible absentee due to illness, we can't see the Tarheels emerging victorious. Odell's absence, however, may make it close.

Cornell-Dartmouth—a tough one. Dartmouth has the experience; Cornell has Howie Blose. On the hit-and-run play, Cornell.

Georgia Tech-Tulane—A chance for Tech's all-America candidates, Eddie Prokop and George Manning, to show their wares. Georgia Tech.

Texas Christian-Texas—The Longhorns, rolling along toward their Thanksgiving Day title clash with the Texas Aggies, aren't going to be stopped by a weak TCU eleven.

Trojans on Rebound

March Field-Southern California—March Field defeated San Diego Navy; San Diego whipped Southern Cal. A quick reverse, Southern Cal.

Wisconsin-Michigan—The Wolverines haven't been the same since Bill Daley left, but Elroy Hirsch still is around and his presence spells another step toward the Big Ten title for Michigan.

Great Lakes-Indiana—There's too much all-round power at Great Lakes for the Hoosier civilians.

Navy-Columbia—Columbia definitely will show up at Baker Field. But it'll be a Navy show from start to finish.

Oklahoma-Missouri—The Sooners to win the Big Six title in this one, despite advice to the contrary from a Tiger fan.

Princeton-Yale—A free scoring affair with Yale on the long end.

Illinois-Ohio State—Paul Brown has his youngsters really rolling. Ohio State.

Minnesota-Chicago

Iowa-Minnesota—The Gophers have been taking their lumps the last few weeks, but they'll give them this time, Minnesota.

Sampson Naval Station-Army—Dr. Mal Stevens, coach of the Sailors, has been waiting for this game, but we think he should have waited a few years longer. Army.

Texas Aggies-Rice—Rice has showed decided improvement but the Owls aren't going to spoil the Aggies title quest.

UCLA-Calif.—The Uclans to take a weak Berkeley outfit.

VMI-Georgia—Wally Butts' boys should have a nice workout. Georgia.

Other Favorites

Camp Grant-Iowa Navy Pre-Flight—The fliers will take this in stride as preparation for their Notre Dame engagement a week hence.

And here we go over the chalk lines: Brown over U. S. Coast Guard academy; Camp Lejeune over North Carolina Pre-Flight; Daniel Field over Jacksonville Naval ATTC; Georgia Pre-Flight over Clemson; Iowa State over Drake; Brainbridge Navy over Maryland; North Carolina State over Davidson; Camp Davis over Presbyterian; Colgate over R. P. I.; Harvard over Tufts; Penn State over Temple; Rutgers over Lehigh; Colorado college over Utah; New Mexico over Denver and on Sunday, Holy Cross over Villanova and St. Mary's Pre-Flight over San Francisco.

Next Wednesday evening Biglerville closes its season by meeting Washington Township in a night game at Biglerville.

## LIONS EXPECT TEMPLE PASSES

State College, Pa., Nov. 12 (AP)—Forward passes were shot at Penn State's first string football team from all angles in practice Thursday as Coach Bob Higgins worked out a defense for Saturday's game here with Temple.

Offensively, Higgins said he counts on Big Bill Abromitis, former Pitt fullback, to pack a heavy wallop. Abromitis recently came to Penn State in the Navy Training program.

"I think we can stop them on the ground without too much trouble," declared Higgins of Temple. "Our scout reports they are dangerous in the air, however."

Higgins called Abromitis "fast, shifty and a good passer," and added "he can kick, if necessary, and might make a good triple threat for us."

Frank Venerosa, who played tailback against Cornell, was hurt last week and may not be available for full-time duty Saturday.

Penn State and Temple have played four games but Saturday's contest will be the first at State college. The Owls have won three of the contests.

## 13 Cage Twin Bills At Convention Hall

Philadelphia, Nov. 12 (AP)—Thirteen basketball double-headers will be played this winter at Convention Hall, with the University of Pennsylvania, Temple university and St. Joseph's college as hosts.

Coach George Munger apparently thinks lineman Walt Stickle is a mudder. He said Stickle would start at left guard if the field is slow and Ray Stengel if it's fast.

England's oldest military corps, the yeomen of the guard, was founded in 1485.

## Ex-Badger Stars To Face Old Team-Mates

Ann Arbor, Mich., Nov. 12 (AP)—Shed a tear, friend, for Harry Stuhldreher who, in effect, will field two football teams here Saturday, one for Wisconsin and the other for Michigan.

When you consider tough-luck coaches whose home-grown talent returns in Navy or Marine uniform and in the camp of the gridiron enemy, you can start and practically end with Wisconsin's Stuhldreher. He is facing possibly the biggest mass turnabout of the whole curious season.

Having no campus Marine unit, Wisconsin had a dozen footballers transferred to Michigan last summer. A count of noses discloses there are ten Badgers on the squad Coach Fritz Crisler has headed toward the western conference championship, and seven Wisconsin boys will be in the starting lineup against Stuhldreher's hapless forces Saturday.

Jack Burns, whose ability to start had been in doubt because of the beating he took in a starring role against Holy Cross last week, was reported ready to go again at the right halfback spot.

## UPHOLDS OPEN DEER SEASON IN 8 COUNTIES

State College, Pa., Nov. 12 (AP)—Defending the state Game commission, Prof. P. F. English, head of the Pennsylvania State college's wildlife research unit, said today "there is a sound basis" for an open season on antlerless deer next month.

The commission has declared deer and young bucks legal Dec. 13, 14 and 15 in eight northern tier counties but the action brought protests from organized sportsmen in Clinton, Cameron and Potter counties.

"The counties affected by the Game commission's ruling are already over-populated with deer," Prof. English declared, "elimination of the antlerless deer season would only pyramid the deer herd."

Agency Unbiased

"That pyramiding would be greatly stepped up by the fact that a doe reproduces twins each year after the birth of her first offspring."

President Ross L. Leffer of the Game commission, said the State college research agency "is one of the units we depend upon in reaching conclusions" and added it "is in a position to study these matters without prejudice."

Commission Director Seth Gordon declared checks are now being made to verify signatures on petitions protesting the holding of the special season. The law provides for cancelling a season in any county if half the licensed hunters protest.

Other counties included in the order for an antlerless deer season are Lycoming, Sullivan, Warren, Tioga and McKean.

## Odell To Play For Penn Despite Cold

Philadelphia, Nov. 12 (AP)—Though he remained in the infirmary with a cold yesterday, Bob Odell is sure to start in the University of Pennsylvania backfield against North Carolina tomorrow.

The other starters in the running spots will be Joe Kane and Joe Michaels, with either Grover Cleveland Jones or Art Vincent at fullback. Jones ran with the first team yesterday.

Coach George Munger apparently thinks lineman Walt Stickle is a mudder. He said Stickle would start at left guard if the field is slow and Ray Stengel if it's fast.

England's oldest military corps, the yeomen of the guard, was founded in 1485.

## Delone Will Meet Lancaster Catholic

Revenge for a 6-0 defeat suffered October 22 will be the goal of Jake Dracha's Delone Catholic eleven Sunday afternoon when Lancaster Catholic high is met at McSherrystown. The kickoff is slated for 2:30 o'clock.

Coach Dracha is working hard with his outfit in hopes they will regain their offensive punch which suffered a let-down last week at Biglerville when the Squires were held to a 6-0 victory.

## Hockey Teams Play To 1-1 Deadlock

(By The Associated Press)

Pittsburgh's Hornets still rest in the cellar of the American Hockey league but the professional bow of Goalie Roger Bessette can be tabbed a success.

The 23-year-old Montreal amateur grad performed like a veteran in last night's 1-1 deadlock with the Providence Reds, the second successive meeting of the two clubs on Providence ice.

Lloyd Roubell got the Hornets off to an early lead on a goal in the fifth minute of play. Stan Kemp, one of the Reds' youngsters, beat Bessette to knot it up early in the second period.

Bessette replaced Harvey Teno, regular Pitt goalie, who was called home to Windsor, Ontario.

## Lamotta Choice To Whip Zivic Tonight

New York, Nov. 12 (AP)—Fritzie Zivic and Jake Lamotta tangle in a ten-rounder in Madison Square Garden tonight, and all signs—including the bookmakers' slates in the better 49th Street betting shops—point to the possibility that Fritzie won't be nearly as frisky when it's over.

That is, all signs point that way except the one Frisky Fritzie is carrying. In his usual few thousand well-chosen words, the last of the five flying Zivics has been giving all who will listen, as well as those who can't help themselves, the Pittsburgh equivalent of the "I'll molder de bum" routine.

Since this may be "the kid's last fight"—he reports for his draft board "screen test" Sunday—you can't go overboard on Jake. With Fritzie, anything can happen, even though he'll be outweighed some ten pounds this time, and in his recent trips to the post has appeared to be running out of gas like a guy who's lost his "A" book.

England's oldest military corps, the yeomen of the guard, was founded in 1485.

## UPSET STARTS SCHOOLBOY GRID WEEK-END PLAY

By LEE V. KEBACH

Philadelphia, Nov. 12 (AP)—Prospects of a dull week-end in Pennsylvania's scholastic football conference races were shattered last night, when, in the very first firing, Ebensburg upset Huntingdon to take over leadership of the Western Conference.

Huntingdon, which had been drifting along with what looked like a safe lead, slid into third place as a result of its 13 to 0 defeat, while Windber climbed into second, five points behind Ebensburg with a 27 to 0 triumph over Conemaugh.

The standings today read: Ebensburg, 210; Windber, 205; Huntingdon, 178; Tyrone, 160; Bellwood, 155; State College, 150, and Westmont, 150, for the first six teams.

The chances for upsets still held in other high school loops, although most of the leaders appeared to have the upper hand.

Allentown, which tops the Big 15, plays host to Philadelphia's Ben Franklin Saturday in a non-loop fray, its next to last of the season. Only its arch rival, Bethlehem, which it meets on Thanksgiving, must be overcome to clinch the title.

Meyers Appears Safe

Wilkes-Barre Meyers is well on its way toward copping the Wyoming Valley crown for the second consecutive year. It entertains Luzerne Saturday and then closes on Turkey Day with its intra-city foe, GAR. Meyers is a heavy favorite to win both tilts.

With a margin of more than 200 points, Lansford, a powerhouse in the Eastern Conference with eight straight victories to its credit, has the crown virtually on the mantle. It plays McAdoo at home Saturday and then has two other opponents to face.

Hershey, which already has won Southern Conference laurels, closes its season against a non-loop foe

Saturday when it entertains Columbia.

Other games are: Big 15, tonight—Pottsville at Hazleton and Sunbury at Mt. Carmel in a non-loop tilt; Saturday—Bethlehem at Shamokin, Easton at Reading, Steelton at John Harris, William Penn at Lebanon and Williamsport at York.

Eastern Schedule

Eastern, tonight—Blythe Township at Tamaqua, Coaldale at Minersville; Saturday—Frackville at Ashland, Coal Township at Mahanoy City, Kulpmont at Scranton Tech, Mt. Carmel Township at Shenandoah, Nesquehoning at West Hazleton, Gilberton at St. Clair and Hanover Township at Plymouth, a game also to be counted in the Wyoming standings.

Wyoming, tonight—Newport Township at Berwick; Saturday—GAR at Kingston, Coughlin at Larksville and Plains at Nanticoke.

Western, tonight—Punxsutawney at DuBois; Saturday—Adams Township at Lilly and Cresson at Claysburg.

Southern, tonight—Chambersburg at Mechanicsburg and Waynesboro at Hanover.

An Evening Thought

The person who has a firm trust  
in the Supreme Being is powerful  
in his power, wise by his wisdom,  
happy by his happiness.—Addison.

Just Folks  
By Edgar A. Guest

DEAR DEER-HUNTER

I wonder will he call this year.

The hunter-friend who stocked  
my shelf

With brisket, flank or chuck of deer  
He had no stomach for himself?

When first the woods were touch-  
ed with snow,

With winter shortly to appear,  
Some genial nimrod, soon to go,  
Would promise me a plate of deer.

In those days, friendship such as  
that

Until the season closed I'd shun  
For of all flesh, the lean or fat,  
The last I'd choose was venison.

Now, should he see a five-point stag,  
I hope that true his aim will be,  
I'll have for him the welcome flag  
If he brings deer meat back to me.

The cupboard's bare! Each ration  
point

More precious grows as days go  
by!

Both time and shelf are out of joint!  
And, not so fussy now am I.

Today's Talk  
By George Matthew Adams

LONG AGO INTO THE NOW

No lover of Americana, no one in-  
terested in the quaint and curious,  
no one who wants to know of the  
long ago that still retains its flavor,  
no one who has been intrigued by  
the story of the Nova Scotia Acadian  
migrations, can afford to miss read-  
ing the fascinating book by Harnett  
T. Kane, which he calls "The Bayous  
of Louisiana."

Few more interesting tales can  
equal that which is told here of a  
"patriot in Water and People."

Speaking of the water, the author  
says: "Slow, serene, it has no rush  
and scurrying passage; its philosophy  
is in the old Gallic tradition of the  
agreeable life."

I once took a ride through the en-  
tire length of this incomparable  
country that leads West from New  
Orleans. Like the reading of a long  
poem was that ride "along the  
world's longest village street." Peo-  
ple and scenery, small homes and  
mansions, "little people" and "big  
neighbors" all formed a pattern  
whole and complete. A continuous  
"Garden of Eden" flashed before my  
eyes.

"Evangeline," says Mr. Kane, "a  
sweet lady who never really was—  
at least in the way that the world  
knows her—is the strongest force  
alive for miles along the upper  
Teche of today. She is a secular  
saint of South Louisiana and espe-  
cially of her home-in-death, St.  
Martinville." But Mr. Kane tells  
the complete historic story, anyway,  
explaining that "her trail goes back  
farther than Henry Wadsworth  
Longfellow." And told as I have  
never read it before. His one chap-  
ter "Time and the Teche" is worth  
reading again and again.

The bayou country is a sequester-  
ed land, set aside by the great Cre-  
ator. Within its "liquid barriers"  
live and work a happy and content-  
ed folk, serenely living out their  
span of life in a typically Southern  
manner.

There is not a full page in the  
book, however, and I am sure that  
it will remain unique among the  
books that have glorified this most  
interesting of all American localities.

In happier times I hope that mil-  
lions of travellers—when the gas  
again flows freely—may visit this  
most glorious of all landed areas.

In perusing this beautifully writ-  
ten and illustrated book, you take a  
journey with Mr. Kane into this  
land of wonder, mystery, and his-  
toric dreams! Next to visiting this  
fabulous land, however, is to travel  
with this author through the pages  
of his book.

Tomorrow Mr. Adams will talk  
on the subject: "Mr. and Mrs.  
Anonymous."

Says Women Will  
Retain Peace Jobs

Pittsburgh, Nov. 12 (AP)—Women  
will continue to be used in increasing  
numbers in American industrial  
plants, both in war and peace, two  
speakers told the 500 executives and  
medical directors attending the In-  
dustrial Hygiene Foundation Thursday.

"Management's experience with the  
employment of women has on the  
whole been very satisfactory from a  
production point of view," declared  
Mrs. Warwick B. Hobart, ad-  
viser on employment of women for  
the Secretary of War. "In fact,  
in some cases, it has been appall-  
ingly flatterring."

Contract Un-Needed Says Jimmy Wilson

Philadelphia, Nov. 12 (AP) — "When you work for a guy like Phil Wrigley you don't need a contract," was Jimmy Wilson's comment on reports from Chicago that he would not be re-signed as manager of the Cubs, but would be retained through 1944.

"Phil Wrigley's word is worth its weight in gold to me," Wilson said last night, "and I'm not worrying about a contract."

BAGBY IN WAR PLANT Marietta, Ga., Nov. 12 (AP)—Jim Bagby, Jr., wheelhorse of the Cleveland Indians' pitching staff, is "wheelhorsing" in war work here as a night shift dispatcher in the Bell-operated bomber plant. Bronzed by a summer in the big leagues, when he hurled 280 innings in 39 games to win 17 and lose 14 decisions, Bagby tackled his new job this week.

## FINAL ASSEMBLY

By E. H. LEFTWICH

YESTERDAY: Pete Neil, a garage mechanic, leaves his job and wanders down to the river to do some heavy thinking about a personal problem. He meets a pretty girl who is painting a scene on the opposite shore. Somehow, she strangely attracts him.

## Chapter 2

"My name is Katherine Ambrose, the girl said, smiling. 'My friends call me Kitty.'"

Now they were sitting on the grass in the shade of the tree.

"I'm Pete Neil."

Then, for a long moment they were silent.

"I'm glad you weren't going to jump," she said, finally. "But you did look awfully depressed."

Pete nodded. "I was," he admitted.

"But it's over with now?"

"No." He took a deep breath. "I don't think it will ever be over with."

"Maybe, you feel like telling me about it," she said. "That helps, sometimes."

Undoubtedly, she was wondering about him, wondering why a young man in working clothes should be wandering about through the woods in the middle of the afternoon. She deserved some explanation.

"It's a long story," he said.

She raised a smooth slim wrist and looked at her watch. "I've plenty of time."

"And by the way," he asked, "what are you doing out here? I mean where do you come from and how did you get here?"

"I live in Meadville," she said. She waved a hand. "My bicycle is over there, leaning against that tree. I ride over here, sometimes, in the afternoon. It's only six miles."

He wondered what kind of work she was doing that she could have the afternoons free.

"Your story," she reminded him. He thought for a moment. Now, since he was about to put the thing into words, it didn't seem so bad, after all. But, yet . . .

"Well," he said finally, "my father was a flyer in the last war. He flew a ship in the old 'Hell-fire Squadron' and he was shot down twice. But he seemed to bear a charmed life. He got patched up again after each crash and went back into the fight."

"Sometimes," said Kitty, "I don't understand how those old crates held together."

"A lot of them didn't," Pete told her. "After the war, my father wanted to help build better planes. He had great confidence in the possibilities of air travel. He designed several successful ships."

Pete was silent for a moment. "He lost his life in one of those ships."

"Oh."

"But it wasn't his fault," Pete hastened to add. "And it wasn't the fault of the design." There was unmistakable bitterness in his voice. "My father lost his life because someone was careless. Some fool mechanic built a wing with 80 rivets that hadn't been hardened. The wing folded up in a dive."

"Oh," Kitty said again. Then,

"What carelessness. Someone was probably too lazy to get hardened rivets out of the refrigerator . . ."

"That was six years ago," Pete continued. "I had just entered college."

He wondered how she knew so much about rivets and that the hardened 80 rivets were always kept in a refrigerator.

"When the present war broke out," Pete went on, "my older brother enlisted in the AAF. He soon became a pilot. He's in a hospital, now; he'll probably never be able to fly again. There were only the three of us . . . my father, my brother and I."

"I see," said Kitty softly. "It must have been a terrible shock when you heard that your brother was shot down."

Pete shook his head. "He wasn't shot down; the engine died on him at a thousand feet. The reason was never learned."

"And you . . . Kitty's voice was sympathetic. "Do you intend to carry on?"

Pete smiled grimly. "That's just it," he said. "I can't."

He turned to her suddenly. "Don't you see? My father had a bad break; so did my brother. I wanted to carry on . . . and maybe I was a bit selfish about it, too. A good pilot would always have a good job after the war, would be able to help in the complete development of air travel which is sure to come. So, I tried to enlist in the AAF. But they wouldn't let me. I was rejected for the second time today. A pierced ear-drum or something."

"But you seem to have no trouble hearing," she said.

He nodded slowly. "I know. I can hear all right. But there is some regulation . . . something . . . He broke a small twig in his fingers and looked over the river. "It made me feel as if I . . . well, as if I wasn't wanted. My father and my brother gave all they could, but I . . . He tossed the broken twig aside with a gesture of finality. " . . . Well, I guess I just don't fit in."

Kitty had clasped her hands about her knees and her hazel eyes were studying him. "I think I know how you feel," she said. "I had a brother at Pearl Harbor."

"I'm sorry," Pete said.

There was a long silence. The faint sounds of the river came to them and someone far off dropped an anchor into a boat.

"But there is something you can do," Kitty cried suddenly.

"Sure," Pete agreed. "I can go on fixing up cars for some people to waste gasoline and rubber."

"No," Her hand clasped his arm. "The Melvin Aircraft plant is in Meadville. They need mechanics there."

"But that isn't what I want . . ."

Her hand tightened. "But it is what you want! Your father was killed by a faulty wing, your brother was hurt through someone's carelessness. You can help make Melvin ships the best on earth."

The thing grew rapidly in Pete's mind. Formerly, he had been so filled with the desire to become a pilot that he could think of nothing else. But that had changed. A girl, sitting on a river bank had changed

## Four Are Injured In Pennsy Wreck

Johnstown, Pa., Nov. 12 (AP)—Four passengers on the Pennsylvania railroad's St. Louis-New York "American" were injured slightly and main line traffic was delayed for several hours Thursday in the collision of the passenger train and a derailed freight car.

Three of the injured were in Memorial hospital and a fourth, whose name was not immediately learned, was treated at the scene by a physician.

The injured: Pvt. Nixon Wallace, 22, of Hermitage, Arkansas, scalp lacerations. Pvt. Virgil Staut, 23, of Hicks, Arkansas, scalp lacerations. David Hess, 66, of New York, bruises and shock.

The accident occurred, a railroad official said, when one car of the freight buckled after a sudden "rough" stop and blocked four main line tracks. The locomotive and first two cars of the "American" were derailed when the passenger train struck the wrecked freight car.

He knew now where he fitted into the picture.

"How do you happen to know so much about ships?" he asked.

She reached for her green wrap and showed him the big round button pinned on it. "I work for Melvin Aircraft on the second shift," she said. "Paint Department. Number 1566."

# FIVE WOUNDED HEROES GIVEN DECORATIONS

Butler, Pa., Nov. 12 (AP)—Five wounded heroes back from the fighting fronts of Europe and Africa had a new hour of glory when medals in recognition of their bravery were pinned on their tunics yesterday at the Deshon General hospital.

Pvt. Herman B. Karlebach of Chicago was awarded the Silver Star. His citation told how on February 27, 1943, he was sent on patrol toward enemy lines in Tunisia to obtain information. How he got the information and on the way back stumbled across a wounded sergeant; how he hoisted the sergeant on his back and brought him to safety under a grueling fire from snipers, machine guns and mortar batteries.

Four wounded soldiers were awarded the Purple Heart. They are:

Pvt. Richard A. Fassbender, Bloomington, Wisconsin, with shrapnel wounds, suffered in Sicily, in his right arm.

Sgt. Royal R. Ramsey, Brookneal, Virginia, who received shrapnel wounds from head to foot in the Sicilian campaign.

**Freezes Hand**

Pvt. Kermit Meadows, Danville, Virginia, machine gunner wounded in the right leg by artillery fire in Sicily.

Staff Sgt. Leroy J. Meredith, Minersville, Ohio, of Army Air corps, who on May 14 was in a Flying Fortress bombing Kiel at 27,000 feet. The oxygen supply failed and Meredith blacked out. When he came to, his left hand was frozen.

The citations were read by Col. C. J. Gentzkow, Deshon commanding officer. The medals were presented by Senator James J. Davis.

The ceremony was witnessed by a handful of the soldiers' comrades. Three-fourths of the 1,000 men convalescing at Deshon were wounded on overseas fighting fronts.

**THAT FARMERS APPRECIATE**

Farmers who deal with this bank know that our officers understand farm problems and are familiar with conditions in this part of the country.

We try to see beyond the four walls of this bank so as to be able to picture in our minds the real circumstances in each case. In this way we can make our cooperation more personal.

Farmers have often thanked us for the interest we have shown. Our answer is that we help ourselves when we help them.

## WAR FUND DRIVE IS APPROACHING HALF-WAY MARK

Contributions to the Adams County War Fund reached \$11,960.45 today, with various solicitors and donors turning in \$291 during the day.

Among the donations was \$10 from Pfc. Samuel F. Snyder, Jr. Will Rogers Air Field, Oklahoma City, Oklahoma. Along with the contribution, sent directly to the treasurer, Mrs. Ellen Tipton Buehler, was a letter stating he had read in the Gettysburg Times that his mother had contributed and that he wished to help in the drive also. In his letter Pfc. Snyder remarked that "people at home have no idea what a wonderful institution the USO is and how much good it is doing for the armed forces."

### Other Donations

Mrs. Harold Wentz, solicitor for the first two blocks of Baltimore street and center square turned in \$203 while reporting that a number of additional donations are still to be secured from that area. Among the donors listed were \$40 from Rea and Derick, \$25 each from the Hotel Gettysburg company and an anonymous donor; \$15 each from the A. and P. Henry Scharf and R. W. Wentz and Sons and \$10 each from Rose Ann Shop, Peoples' Drug Store, and the Sweetland. The Chi Omega Alumnae gave \$5.

Additional contributions were announced by a number of solicitors. Mrs. I. C. Bucher reported an additional \$1 from Howard street; Mrs. John D. ## LOCAL WOMAN'S FATHER STRUCK BY AUTO; LEG IS FRACTURED

William Craig Allan, 92, Ottawa, Canada, father of Mrs. J. P. Dalbey, residing in Gettysburg, with whom he has spent the winter for the last several years, suffered a fractured right leg and other injuries when he was struck by a car driven by Merle Cromer Myers, Gettysburg, at 12:25 o'clock Friday afternoon.

Mr. Allen was treated Friday afternoon at the hospital for cerebral concussion and lacerations of the scalp and face, suffered in the accident. Borough Officer Charles W. Culp, Jr., said the nonagenarian was crossing from the sidewalk in front of the Dalbey home to the post-office building when he was struck.

### Second Accident

Borough Officer Culp reached the scene of the accident about 12:30 having just started an investigation on a collision at 12:15 o'clock between a car driven by Thelma S. Simon, York, and Roy Vaughn, of Gettysburg, occurring on Chambersburg street. Mrs. Simon was said by Officer Culp to have pulled out of a parking space directly into the path of the Vaughn car. Both were headed east. The borough officer is continuing his investigation in that accident also.

## COLLEGE GRAD IS STRAFED BY JAPS

First Lt. Joseph L. Dunkelberger, Gettysburg college alumnus in the class of 1940 who recently was awarded the Air Medal for 25 operational flights in the South Pacific combat zone, was mentioned in an Associated Press dispatch from New Guinea Monday in which a number of Allied airmen had narrow escapes in a surprise Jap attack.

The dispatch follows: "Somewhere in New Guinea, (AP)—Japanese fighter planes caught three troop-carrier planes unawares as they strafed the runway of an advanced Fifth Australian Airforce base.

One was on the landing strip, another had just touched its wheels to the ground, and the third was coming down to land.

First Lt. Joseph L. Dunkelberger of New Bloomfield, Pa., said his plane was just coming down on the airstrip Saturday when four Japanese fighters swept in view.

"I lit out for the nearest foxhole," he said.

None of the crew was hit as the men scurried for protection.

## COL. SHARPLESS LISTS YOUTH'S OPPORTUNITIES IN WAR EFFORT

Youth's opportunities to make important contributions to the "all out war effort" were emphasized by Lt. Col. Frank E. Sharpless, commandant of the Gettysburg college ROTC, in an Armistice Day address this morning at the Gettysburg high school.

Arranged by a special committee of the Albert J. Lentz post No. 302

LT. COL. SHARPLESS

of The American Legion, the exercises began at 10:50 o'clock with Commander Paul L. Spangler in charge.

### Pledge of Allegiance

After music by the high school orchestra, the assembly was led in the pledge of allegiance by Boy Scouts William Straley and Bruce Westerdaal. A period of silence was observed at 11 o'clock, the anniversary hour, and then a girls' sextette sang "Trees" and "The Bells of St. Mary's." The group included Charlotte Winebrenner, Barbara Cline, Treva Munshour, Eloise Dillman, Anna Bollinger and Janice Sachs. Mary Clare Myers was the accompanist.

After Colonel Sharpless' address, Granville Miller presented a saxophone solo accompanied by Miss Myers and the exercises closed with the singing of the "Star Spangled Banner."

The address delivered by Colonel Sharpless follows in full:

"Twenty-five years ago today the actual fighting of World War I ceased, ending in victory of this nation, and its allies. It had been the hope and belief that the successful conclusion of this war and the resultant peace terms would operate to insure against any further war. The people of this country had given their whole-hearted and enthusiastic support to this cause, participating in such ways and manner as was considered necessary and appropriate. Men, according to their age, physical condition, vocational or special training, were utilized in the armed forces and labor and industry. Women, in addition to their home and family responsibilities, materially assisted the war effort by engaging in Red Cross activities, welfare and social work, war loan drives, etc.

"However the defeat of our enemies in World War I and the subsequent peace terms for which this country fought so hard and paid so dearly did not accomplish the desired results and we are now engaged in another World War of much greater magnitude, and one which threatens the continued existence of the freedoms provided and guaranteed by our form of government. That we will win this war also is not questionable, but the time required to accomplish this and the price we will pay in lives, disabled bodies, property, and money is dependent upon the individual and collective efforts of the entire nation. Only an 'All out effort' by every man, woman and child can accomplish the quick and decisive destruction of our enemies, the Axis nations. To accomplish this the entire nation has been mobilized and organized for an 'all out effort.'

**Production and Manpower** "The production and distribution of all necessities of life, and war supplies and equipment are rigidly supervised and controlled to insure economy in cost and use of materials, and elimination of waste; to insure that all people obtain in adequate quantities and varieties those commodities essential to life and health and the conduct of their business or vocation; and to provide the armed forces with necessary war materials where and when needed.

"Manpower has been carefully surveyed according to war needs and requirements, and utilized so as to

## To All Adams Countians In Service:

### GREETINGS:

Do you remember the special "Merry Christmas" edition we published last year containing greetings from you folks in service to your home folks and their Xmas greetings to you?

Well, we are going to do practically the same thing this year. However, it will have to be on a little different scale. Because of the shortage of newsprint paper we won't be permitted to publish a special edition on book paper . . . but we will publish the Xmas greetings in our annual Christmas edition.

That's what this special message is about.

We'd like to have you send us, NOW, your own personal Xmas greeting message for your folks. Of course, we don't want them to know about it, so please don't tell them.

Just sit down, as soon as you get a few minutes spare time, and write your own Merry Christmas greeting to your folks. BUT BE SURE TO SEND IT TO US. We'll take care of it and publish it in our annual Christmas edition . . . as a sort of a surprise to your folks at home. Of course, you'll get a copy of the edition, too.

Please don't wait until the last minute. You know how these war-time conditions have drained us of manpower . . . making us rather short-handed in our plant. We don't mind that, because it's all part of the program to win this war. But we need time to put this edition together so if you send us your Christmas Greeting now it will help us out considerably.

Just do it this way.

Write your parents' full name and complete address, at the top of the page. Then write your Christmas greeting. Then sign the message giving us your complete name, rank and address. That's all. We'll do the rest.

Thanks a lot and good luck to you all.

Paul L. Roy, editor

The donation was made by the company as part of its service to its 70 men in the armed forces, it was stated. The majority of the \$28,770 to be raised in Adams county will go toward various organizations serving the armed forces of the United States including the USO, Seaman's Relief and War Prisoners Aid. The Musselman company also sends a letter and \$5 each month to its men in service. The \$500 gift from the Musselman company was among the \$685 secured by Mrs. F. E. Grist, Flora Dale solicitor.

### Seminary Donations

Members of the student body and faculty at Gettysburg Lutheran Theological Seminary gave \$264.16 with the faculty donating \$79.50; senior class, \$85; middle class, \$61, and Junior class, \$38.66. The Gettysburg Gas Corporation gave \$75. A total of \$23.50 was forwarded to the treasurer, Mrs. Ellen Tipton Buehler, by Miss Jean Biggs and Miss Betty Motkosi, Orrtanna solicitors. The total for Orrtanna so far is \$92.05. Included among the donations was \$5 from the Woman's Society of the Orrtanna church.

War Fund Chairman Paul A. Kinsey said today that at least three Pennsylvania communities have gone over the top in their war fund drives. Bethlehem secured \$339,570 in its drive. The goal there was \$263,000. Lancaster county reported \$488,920, or 105 per cent of its quota, and Warren county secured \$94,545 with a quota of \$88,700.

Mr. Kinsey also reminded that contributors to the war fund can take full advantage of the 15 per cent income tax deduction allowed by the government on charitable gifts. "Our government," said Mr. Kinsey, "encourages generous contributions to charity and wartime humanitarian appeals as vital as the war fund. Individuals and corporations may deduct the gifts made with a consequent tax saving."

## Finish First Part Of Official Count

Judge W. C. Sheely and others taking part in the official count of the balloting in the election Tuesday completed their preliminary work at noon Saturday.

The group is planning to await the count of the soldiers ballots next Friday before tallying the county totals for the various candidates. They began their work Friday. Judge Sheely, Commissioner's clerk Clarence C. Smith, Clerks J. B. Bushey, Biglerville R. 1; L. U. Collins, Gettysburg R. 1, and Associate Judge A. Dale Knouse are assisting in the count which was made in the law library at the court house. ## Soldier Missing When Trapped In Maryland Flood

The body of the soldier swept from his companions by the swirling waters of the flash-floods Monday evening found Tuesday by a searching party it was stated this afternoon. The soldier was tentatively identified as Pvt. Peter A. Peters. His home address was not immediately known.

Bridgeport, Maryland (AP)—One of six soldiers trapped by swiftly rising Tom's creek was reported missing Tuesday while the others recovered from the effects of standing for hours in waist-deep water, clinging to a tree while rescuers stretched a thousand-foot rope to them.

The half dozen soldiers, who strayed from the main body of troops while on night maneuvers, were caught by a flash flood during a driving rainstorm about five miles from Emmitsburg.

Survivors related they were crossing the swollen creek about 9:30 p. m. when they were carried downstream by the current. Five managed to get to the bank of the stream and clung to a tree, while the sixth was swept away.

### Rescue Squads

Their shouts aroused a farmer, Raymond Root, who was unable to get to them through the flooded fields. He summoned state police. The Taneytown fire department and notified Army authorities.

Between 50 and 75 soldiers, state police and firemen formed the rescue squad. The fire department played lights on the field while three lieutenants and two troopers, among them Trooper I. K. Judy, carried the rope toward the rapidly-tiring soldiers.

They managed to get within 75 feet of the five, then let the rope drift downstream in the current. Judy said the men were so weak they found it difficult even to use the rope.

The rescuers worked until about 2 a. m. before completing the task of getting the survivors to safety, they were taken to an Army hospital suffering from shock and exposure. The Army withheld the name of the missing man pending notification of his relatives.

The alarm committee reported progress on plans to revamp the town's fire alarm system. The firemen reported receipt of \$1,052.20 from foreign fire insurance tax for Gettysburg and \$172.11 for the same tax from Straban township. The fund was turned over from the state as the local company's share of the tax.

A donation of \$7.68 was acknowledged from R. W. Wentz and Sons. The October salvage collection netted \$59 for the company, it was reported.

Watts, 37, of York Springs R. 1, was slightly injured when the automobile struck a telephone pole. He was taken to the Harrisburg hospital for treatment by State Policeman John M. Micka. He suffered a laceration of the lower lip and abrasions and contusions of the right upper chest.

## FLASH FLOODS DELAY TRAIN; MANY WASHOUTS

Intermittent downpours that began late Sunday evening and continued through part of Monday evening flooded roads, homes and business places, caused small streams to overflow their banks, delayed passenger trains and stalled many motorists Monday afternoon and evening.

Dr. Henry Stewart, official weather recorder here, reported that 2.2 inches of rain fell in the 24 hours preceding 5 p. m. Monday.

Flash-floods were numerous in various parts of the county and some property damage was reported.

### Train Delayed

A new contingent of aviation students headed for Gettysburg college had a taste of flood conditions when the Reading train on which they were traveling was held up more than three hours by washouts on the line.

The contingent was on the regular train leaving Harrisburg 5:20 p. m. Monday and arrived in Gettysburg shortly after 10:30 p. m. The train made a 20 minute stop at Biglerville to determine the conditions of the track ahead when a small washout was found near Table Rock. It then continued to Goldenville where another washout halted the train from 7:20 p. m. to about 10 p. m. Workmen from Gettysburg filled the washout there. Another washout at the peach orchard curve near town also was filled in before the train was able to continue.

### Roads Flooded

Nearly all low spots in roads leading into town were flooded, with Rock creek reported over the Bon-neauville road and level with the bottom of the bridge on the Lincoln highway east of town. The creek was reported over the Harrisburg road.

Rose Garden, near Dillsburg, was flooded, with local residents who work in Harrisburg forced to detour through the back way into Dillsburg in order to reach home. In a mile and a half stretch along the Harrisburg road just west of town the road was under water in four places.

Employees at the Gettysburg Water company plant along Marsh creek reported the flood there was the worst since this spring. The waters from Marsh creek entered the driveway to the pumping station and the road between the pumping station and the bridge over the stream was covered from 9:30 p. m. until the early hours of this morning. The flood in Marsh creek reached its crest at the pumping station at 11:30 p. m.

Geiman's park became a haven for motorists from 7 to 11 p. m. Monday evening when the stream south of the park flooded the road, halting traffic.

Garages in town reported innumerable calls to start cars flooded by the constant downpour.

A number of corn shocks in a field at the Raymond Redding farm Gettysburg R. 2, near the water company pumping station were carried away by the flood waters which covered the field. Most of the corn had been husked and only the fodder remained. The water came up to the Redding house, standing on high ground near the stream.

Many homes and business places had their basements well filled with the rising water.

## SEEK TO REACH SALVAGE QUOTA

The salvage collection to be conducted this afternoon and evening by the local firemen will be the last drive in the current salvage campaign, it was announced Thursday by V. B. Corle, salvage chairman. The current campaign will end November 15 and will be followed immediately by another statewide drive, it was stated.

Because the town is far behind the quota set for it in the current effort, the firemen urged that residents make every effort to get out all the scrap possible for the last drive of the current campaign.

All of the collections made during the current three months' period ending November 15 will be included in the tabulation of figures for the entire state for the same period. Mr. Corle said, and if Adams county is to be among the leaders the drive Friday must be the biggest that has yet been made.

"There will, of course, be salvage collections each month until the emergency is over, but scrap collected during December will not be included in the current figures," Corle said. "With the cooperation that has been shown so far, I believe people of the town will make the extra effort to put the county up to its quota for the quarterly drive."

## WOMEN TOLD OF EFFECTS OF WAR ON SCHOOL LIFE

Enrollment in the local high school has dropped by nearly 100 from its peak of two years ago and eight teachers have been replaced there since the beginning of the war. Guile W. Lefever, principal of the high school, stated in an address on "Education in Wartime," given Wednesday afternoon at the YWCA before the Women's club of Gettysburg.

The students who left the school as a result of wartime conditions are mostly boys. Mr. Lefever pointed out, with many going into war work and others called to the armed services. The traditional school program had been changed by the war with additional physics and mathematics courses added and other programs adjusted to meet the needs of the boys at the school who will enter the armed services. Among the special organizations created to meet the needs of the students in war-time is a "pre-induction" club, designed to give the students some idea of what they will need to know upon their induction, the principal said.

The duties of the WACs were outlined to the club by Lieut. Frances Grosscup, Harrisburg. There are hundreds of different types of work that can be done by women who join the Women's Army Corps, Lieutenant Grosscup said. Women between the ages of 20 and 50 may join the corps provided they have no children under 14 years of age and can pass the physical and mental tests, it was stated.

### \$50 to War Fund

Mrs. J. Walter Coleman, president of the club, presided with 52 members and three guests attending. Four new members—Mrs. Albert Partner, Mrs. P. J. McGlynn, Mrs. Luther Sachs and Miss Grace Rowe, were inducted into the organization.

The Ways and Means committee announced that a public card party will be held December 2 at 8 p. m. with the following committee in charge: Mrs. Earl Zeigler, chairman; Mrs. Walter Africa, Mrs. Robert A. Bream, Mrs. Richard A. Brown, Mrs. Dora Beall, Mrs. Austin Lange, Mrs. Charles Pitzer, Mrs. Anna Plank, Mrs. Henry M. Scharf, Mrs. Frederick Tilberg, Mrs. Edmund W. Thomas, Mrs. Paul Thomas and Mrs. Charles Smith.

A donation of \$50 to the Adams County War fund was voted and a committee report suggested war bonds as the "best possible" Christmas gift that can be given by the members. Mrs. Paul Koenig, Spring Grove, was endorsed by the organization as a candidate for the presidency of the state Federation of Women's Clubs. Mrs. A. Harrison Barr was appointed to represent the group at the Hanging of the Greens program in the YWCA in December.

Hostesses for the meeting included Mrs. Earl Bowen, chairman; Mrs. Paul Pensinger, Mrs. S. F. Snyder, Mrs. Robert Berkheimer, Mrs. Clyde Berger and Mrs. John Borland.

## COL. SHARPLESS

(Continued from Page 1)

provide for the necessary armed forces, adequate in strength and training, which in cooperation with the armed forces of our allies, will defeat the Axis armies on the battlefields and destroy their will and ability to fight; to provide for the necessary administrators, technicians, mechanics, and labor for those industries essential to the war effort, particularly those supplying the needs of our armed forces.

### Women's Part

"Women are not only engaged in all of those activities they participated in during World War I, but are being successfully employed in industrial work in plants and factories and in other vocations heretofore undertaken by men only. Also provision has been made for their utilization in the armed forces and many have enlisted in and become members of the women's units of the Army and Navy, performing those administrative duties for which they are adapted and releasing men for combat duties.

"Nor do the plans and organization of the nation's 'all out effort' provide only for the continuing production of food and war materials in increasing quantities.

They also provide for the reinforcement and replacement of men and women engaged in war work. It is by this process that the nation will obtain that overwhelming superiority and strength required to quickly and decisively bring the war to a victorious end. The source from which these reinforcements and replacements will come are those young people approaching the acceptable age. Means and facilities have been made available whereby these young folks will obtain preliminary instruction and training in preparation for the war activity which they select or may be selected to participate. For those in school this training and preparation can be accomplished without undue interruptions to their schooling.

### Youth's Opportunities

"Through the Specialized Training Programs of the Army and Navy the facilities of the schools and colleges throughout the nation are being utilized to continue the education of qualified young men now

## Furniture Arrives For 34 Families

The War Mapping project being operated at the Lee-Meade inn has leased the former Citizens' Trust company building on Baltimore street for use in distributing furniture and personal belongings of 34 families employed by the U. S. Forestry service on the big mapping job. The goods are expected to arrive today in large vans and will be uncrated, sorted and distributed in the former bank building.

The War Mapping office today sought 13 men as rodmen immediately with the prospect of additional jobs becoming available as the work progresses.

In the service and those not yet in the service who have become 17 years of age. They are selected through the medium of examinations and processed by selection boards. All who are qualified mentally, physically, and morally are eligible. Their academic training will be continued in conjunction with military training and they will comprise the main source of officer candidates, ground and air, and other armed forces specialists.

"Practically every community offers opportunities for training in the various phases of civilian defense—plane spotting and tracking, first aid, policing, fire fighting, bomb disposal, etc. This type of training is available to both young men and women. The girls of the nation have an excellent opportunity in the care of military and civilian sick and injured. The American Red Cross through its several agencies provide for training of nurses, nurse aids, and the supply of bandages and dressings. There is a great need for young women in this field. Opportunities exist in the activities of Welfare Agencies and Service organizations. There are no able bodied boys or girls with average mentality in this country who cannot train and prepare for active participation in the war effort.

**Importance of Conservation**

"There is another phase of the 'all out effort' which is of the utmost importance and one in which every individual regardless of age or sex should conscientiously and intelligently participate. That phase is conservation. The government is enforcing conservation through the rationing system, providing all with adequate necessities of life and needs for the conduct of business and vocations, but it needs your full cooperation for complete success. The failure of people to conserve in every way reasonable and practical is not so much due to lack of support of the war or selfishness as it is to thoughtlessness and carelessness.

"Young folks, in the hurry and bustle of their affairs and their failure to appreciate the importance of little details, are prone to be thoughtless and careless where conservation is concerned. You should realize that the routine of your daily life requires the utilization or consumption of various items, the production of which involves the use of materials, many of which are scarce, manpower, machinery, and fuel, all of which are vitally needed for the production of war materials. How often have you left an unneeded light burning after you have no further use for it, or leave the radio on when you leave the room? Every kilowatt hour of electricity consumed requires labor, machinery and other equipment, and fuel to produce and place at your disposal. This wastage occurring in many homes can and does result in a most appreciable loss which could well be utilized in war industry. Such wastage is inimical to our war effort and can be of advantage to the enemy only. The same is true of the care and upkeep you give your clothing, personal articles, and your household furnishings and appliances.

**"Back the Attack"**

"Food is one of the most important war essentials. There is sufficient for all, but it is your grave responsibility not to waste it. There must of necessity be a readjustment of your tastes and desires in food in order to permit an equitable distribution of all available food items. Those who leave uneaten portions of food on their plates because they don't particularly care for it or serve themselves more than they can consume cause food stuffs to be wasted and that wasted food could well sustain some child or other needy person in some occupied countries. It is a decided failure to support the food conservation program. There are other activities connected with conservation in which you can materially aid and assist during your spare time such as saving and collecting fats, scrap metals, tin, rubber and waste paper. These are all needed for the production of war materials and their salvage is an important source of supply.

"The efforts and activities of the young people of today can be of material aid in this war and have been included in the 'all out effort.' Means, facilities, and opportunities have been made available to them and there is no question but that they will take full advantage of them and fulfill their responsibilities. The boys and girls of this nation WILL BACK THE ATTACK."

### Enlist Other Women

Representatives from other women's organizations will be invited to assist in contacting every available WAC prospect in the county in the interest of the campaign to recruit 70,000 women to relieve service men for combat duty.

A WAC recruiting booth will be set up in the lobby of the Hotel Gettysburg Saturday where WAC prospects may receive all the information on this branch of women's service in the war effort.

### Attractive Service

WAC recruits are being sought for service in the Air Corps where the need for WACs is especially acute.

Mrs. Coleman said that she is hopeful of recruiting at least twenty women for this branch of service.

"It is an especially attractive service for young women and those up to the age of 50 who are willing to serve their country," Mrs. Coleman said. "Many are not aware of the advantages of serving with this unit and it will be our task to impart this information to all the women of the county."

## SALVAGE DRIVE SET FOR FRIDAY; SEEKING PAPER

Because steel and paper mills in Pennsylvania have been forced to curtail their activities for lack of salvaged paper and metals, Gettysburg firemen have urged that special efforts be made by all residents of the town to put out all possible scrap paper and metals this afternoon and evening during the November salvage drive.

At the same time the firemen thanked residents who put out 1,500 pounds of paper Tuesday evening and asked them to make a second effort this week to help out as much as possible in the current drive. The firemen had originally scheduled their drive for Tuesday evening, then were forced to postpone the event until today, starting at 4 p. m. due to circumstances beyond their control. V. B. Corle, salvage chairman, said Wednesday. However, when it was discovered that a number of persons had made arrangements to have their scrap paper and metals available Tuesday evening a group of firemen toured part of the town to pick up the scrap.

Cooperation of town residents in previous drives has been "marvelous," Mr. Corle said, and the tieing of all paper in bundles has facilitated the work of the firemen. The firemen have been urging residents to tie all paper in one bundle, magazines in another, brown paper, cardboard and other papers in separate bundles.

The firemen also ask that tin cans be properly processed by cutting out the ends, placing the ends within the can and then flattening the container. The paper wrapper should be removed, Mr. Corle said. It is impossible for the firemen to process the thousands of cans after they are collected, it was pointed out. No cans can be shipped to detinning plants unless properly processed.

Only tin cans should be placed with the tin can pile prepared by the householder, the firemen said. No tin can be secured from lard cans, oil cans and the like. Children's toys, curtain rods and buckets cannot be processed for tin, it was stated.

The wastepaper situation is extremely critical, the firemen said, with paperboard mills in the state, producing materials for bomb bands, airplane wing tips, containers for food, medicines and munitions forced in some instances to close for want of waste paper.

The metal situation is also acute, it was stated. Steel mills producing war materials have only a five weeks' supply of iron and steel scrap and the total inventories of the dealers' scrap yards will supply the plants for only one week more after it has been processed and shipped.

### HOSPITAL REPORT

Madeline Raffensperger, Gettysburg R. 2, has been admitted as a patient to the Warner hospital. Those discharged were Mrs. Roy Smith, East Berlin; Clyde Naylor, Biglerville R. 2; Mrs. John R. Taylor, Aspers; Mrs. C. W. Mason, Broadway; Mrs. Thelma McKay, Biglerville; Dale E. Thomas, Biglerville, and Ronald Markle, Taneytown.

## Just A Reminder

For the benefit of those fellows in the service who have not been informed of the Army and Post Office ruling we are not permitted to send The Gettysburg Times to you, with our compliments, after you leave this country . . . unless, someone, other than ourselves, orders and pays for it in advance.

It sounds like a strange ruling but it happens to be just that. We cannot send our paper to you FREE after you leave this country. If your parents, wife, brother, sister, sweetheart or a friend orders it and pays the subscription price in advance, or if you do so, then we are permitted to mail it to you.

We felt that this information should be conveyed again to you in order that you have time to make arrangements to have the paper sent to you if and when you are sent to overseas duty.

Many of the boys in Africa, Sicily, England, Hawaii and other foreign bases are receiving The Times. Some ordered the paper before they left while others are receiving it with the compliments of their parents or a friend.

So, if you want to continue to receive The Times after you leave this country we'd suggest that you make arrangements now. We really are sorry we cannot do it ourselves but the Army and the Post Office department just won't let us.

Good luck,

Paul R. Roy.

## DAR HEARS OF "EVOLUTION OF LIGHT," FRIDAY

An illustrated history of the "Evolution of Light" was presented by Mrs. Walter H. Danforth, Mrs. G. W. Lefever and Mrs. Anna Plank at the November meeting of the Gettysburg chapter of the DAR, Friday afternoon at the home of Mrs. C. Ross Shuman, East Broadway. In the absence of the regent, Mrs. R. S. Saby, the vice regent, Miss Alice Black, presided.

In connection with the program, there were on display many unusual types of glass, pewter and brass lamps and pottery, brass and china candlesticks.

Miss Jean Taylor, Biglerville, presented a group of songs accompanied by Mrs. John Hauser, also of Biglerville. She sang "The Sylvan Song," by Grieg; "My Lover Was a Fisherman," by Strickland, and "When I Was Seventeen," a Swedish folk song.

### Meet Next in January

Mrs. Danforth, in presenting the early history of lighting, designated the burning of dried rushes which had been dipped in grease as the first method of lighting. Pine torches and candles followed, she said. Mrs. Lefever traced the development of the lamp from the first sperm oil and fat lamps through various types of kerosene and gas burners. She said that many of the developments in lighting were brought about by the need for brighter lights in coastal light-houses. Gas, first used in Peking, China, was not used commercially for many years after its discovery. Various types of electric lights and modern improvements were described by Mrs. Plank. She listed fluorescent lights as the "best and cheapest yet discovered."

Assisting Mrs. Shuman as hostesses were Mrs. Lefever, Mrs. Hauser, Mrs. Edgar L. Deardorff, Mrs. Hillary Kennedy, Mrs. Harvey D. Hoover and Mrs. Willard Mossman.

The next chapter meeting will be held Friday, January 7, at the home of Mrs. J. Kermit Heretor. No December meeting will be held.

## UNIFY NAVAL TRAINING WORK

Announcement was made Saturday that command has taken over control and operation of the Navy's 17 flight preparatory schools and 90 CAA-War Training schools, including Mt. St. Mary's college at Emmitsburg, as part of the Naval Air primary training program.

The flight preparatory and CAA-WTS units formerly were under the direction of 14 Naval Aviation Cadet Selection boards, which will now function as regional offices of the NAPTC, it was stated. Mt. St. Mary's V-5 program Naval air cadets were under the Washington Naval Air Cadet Selection board, and was the only school maintained by the CAA-WTS in Maryland.

The entire command is under Rear Admiral Elliott Buchmaster, USN, Chief of Naval Air Primary Training. Other units of the command consist of five pre-flight schools and 14 Naval air stations scattered throughout the United States.

Consolidation of Flight Preparatory and CAA-WTS units under the NAPTC integrates the entire Naval air primary system under a single jurisdiction, it was stated, with cadet procurement left to the regular offices of the Naval Officer Procurement. It also lengthens the training time for the cadets from 12 months to from 16 to 18 months in order to give a more complete training program to the cadet aviators.

## COUNTIANS AT WELFARE MEET

Three visitors from the county Public Assistance office have attended the regional meeting of the Pennsylvania Welfare conference at Harrisburg today. The visitors included Miss Mary Elizabeth Rasmussen, Mrs. Pauline Weikert Rodgers and Miss Virginia Wright.

The problem of "latch-key" children as a factor for the increase of juvenile delinquency due to wartime conditions was being discussed at the session according to an Associated Press story from Harrisburg.

Mrs. Alma Kastner, probation officer of the Dauphin county juvenile courts, described "latch-key" children as youngsters who were left to shift for themselves while both parents are working.

Increased supervision over "teen-age" children was urged.

Mrs. Kastner said there have been 319 cases of juvenile delinquency in her department for the first ten months of this year as compared to 91 throughout 1940.

Other factors for the increase, she said, were broken homes caused by divorce, death or separation of parents and a desire by 15 and 16-year-olds to leave school for employment.

After the opening ritual led by the scouts, the parents were welcomed by Dr. Frederick Tilberg, president of the Rotary club and a former chairman of the joint committee. A/C William McHenry, Freehold, New Jersey, member of the 55th College Training Detachment at Gettysburg college, was presented as assistant scoutmaster. Patrol yells, songs and cheers followed.

In a special investiture ceremony, five scouts who joined the troop since February were formally received into the troop. Patrol stunts were given that covered the advancement program, hobbies, an outline of a year of troop activities and a humorous sketch on "How Not to Camp."

Attendance awards were given Sydney Poppay, Panther patrol leader, and William Snyder, troop scribe, and special awards were presented to the boys who have attained first class ratings in less than a year of scouting by Vernon Corle, scout committee chairman. ## Lt. Col. Mark Gets Legion Of Merit

Lt. Col. Coleman B. Mark, who supervised construction of the veterans' camps for the Pennsylvania State Commission for the 1938 reunion here, has been awarded the Legion of Merit by the War Department.

The citation reads:

"Lt. Col. Coleman B. Mark, Corps of Engineers, Army of the United States. For exceptionally meritorious conduct in the performance of outstanding service. In addition to his duties as Post Engineer of the Hampton Roads Port of Embarkation, he displayed tireless energy, great resourcefulness, and a splendid spirit of cooperation by requesting and performing duties pertinent to the Transportation Corps, which aided materially in the war effort. Colonel Mark designed a system of double-decking which was of inestimable value in the combat loading of ships for the African campaign and Sicilian invasion. The system provided additional storage room for more combat vehicles and ammunition so vitally needed by the task forces. He also assigned and supervised the arrangements for checking and blocking of ships, construction of catwalks over stowed cargo, and camouflaging of convoy boats."

## OFFICIAL COUNT DISCLOSES FEW MINOR ERRORS

Slight changes in the number of votes cast for some of the candidates for county office were recorded with the completion of the official county Saturday afternoon. Two ballots which were disallowed by local election officials and as a result did not appear in the unofficial count, were allowed to be counted by Judge W. C. Sheely during the official count, it was explained Monday. Other minor errors were corrected.

The official count, while representing all of the votes cast in the county at the November 2 election, still does not include all of the votes cast for the various candidates, with more than 50 servicemen's ballots to be counted Friday.

The servicemen's votes may make some differences in the apparent results in township and borough elections, with only a few votes separating the apparent winner and the runner-up in a few offices.

### List Official Figures

The official count so far shows the following votes:

Judge of Superior Court—Curtis Bok, D., 4,126; Claude Reno, R., 5,330; Charles Palmer, Pro., 247.

Associate Judge—A. J. Carbaugh, D., 4,770; J. Price Oyler, R., 5,350.

Sheriff—Earl W. Guise, D., 4,953; John E. Millhimes, R., 5,308.

# MECHANICSBURG WHIPS MAROONS 32-6 IN FINAL

After putting up one of their best exhibitions of the season by holding Mechanicburg to a 7-0 score at half time, the Gettysburg high Maroons cracked in the third period and went down 32-6 before the Wildcats in the final game of the season here Friday evening. About 1200 fans saw the contest.

The defeat was the seventh in a row for the Maroons this year and it is believed it is the first time in history that a Gettysburg eleven failed to win at least one game.

Coach Dry's lads gave the visitors a real scare in the first half by their determined play and in the first period had a first down on the three-yard line but could not score.

Hertzler received the opening kickoff and returned to his 30. Engle was forced to punt to Dorsey who was downed on Gettysburg's 35. Dorsey kicked deep into Mechanicburg loam but Engle returned the ball 25 yards to Gettysburg's 40. Engle and Spahr ripped off two straight first downs to reach the five and from there Spahr went through the line for a score. Rupp place-kicked the extra point.

**Maroons Threaten**  
Dorsey, whose punting has been one of the highlights of the local team's play this year, put the Maroons in a scoring spot when he got off a 65-yard punt in the middle of the period to put the ball on Mechanicburg's 10. Engle's return punt hit on the 37 and bounded back to the 25. Dorsey circled left end and for 12 yards to make it a first down on the 14 and then went around right end for another first down on the three. Here Mechanicburg tightened and took the ball on downs on the six.

A series of sweeping end runs by Engle resulted in three straight first downs for the visitors to open the second period but the Dry-men braced on the 15 and Engle attempted a placement kick from the 25 but the boot was wide. Later in the period Kreiter recovered a Gettysburg fumble on the Maroons' 15 and Tonsel recovered a Mechanicburg fumble on the 10 to squish the threat.

**Visitors Run Wild**  
Mechanicburg put the game on ice in the third period with a trio of touchdowns. After Mechanicburg had reached the 26 largely through a recovered fumble, Gettysburg took the ball on the 26. A pass to Thrush bounded off the receiver and Sanders nabbed the pigskin for a first down on the 38. The Wildcats braced and when Dorsey attempted to punt, the kick was blocked and Spahr gathered in the ball and ran 30 yards for a score. The placement kick was wide.

Engle intercepted a pass shortly afterwards to put the ball on Gettysburg's 28. Hertzler went around left end for a first down on the one and then Engle hit the line for a score. Rupp added the point on a placement.

**Timbers Scores**  
Coach Furey sent in a new team to open the third period and the Maroons quickly took advantage of their presence to score their first home touchdown of the season. On an exchange of punts Dorsey was downed on Mechanicburg's 37. Timbers and Dorsey picked up a first down on the 26. Timbers got four yards around left end and then on a fake plunge Timbers emerged from the left side of the line and scampered the remaining distance for a score. Hess' boot for the point was wide.

The Mechanicburg varsity came back into the game and marched 67 yards for its fifth and final score with Spahr tallying from the three. Sperry blocked Rupp's placement.

Mechanicburg piled up 14 first downs while Gettysburg made six. The Maroons completed six of 17 passes with one being intercepted. Mechanicburg made good on two of four aerial tries.

The running of Engle and Hertzler featured for the visitors. The former has received his notification to report to the Coast Guard in about two weeks and will play his final game against Chambersburg.

## Mauriello Captures Decision From Savold

**New York, Nov. 6 (AP)**—It is apparent that Lee Savold ought to change his brand of gas when taking on Tami Mauriello, because he's not getting nearly enough mileage out of the brand he uses now.

For the second time in a year the transplanted Iowan who now does his fighting out of Paterson, New Jersey, floored the Bronx belter in Madison Square Garden last night, only to run out of gas down the stretch and lose a decision in ten rounds.

Just as in their first fight, Lee went right out in front with the opening gong this time, but starting with the sixth round he began to falter and Tami, waltzed in with the last five rounds in order, for the entertainment of a crowd of 14,987, who welcomed boxing back to the Garden for the first time in a month. The gross gate was \$47,128.

## MAROON SCRUBS LOSE 33-0 TILT TO NIGHTHAWKS

After a hard fought first half in which they held their heavier opponents to a 7-0 margin, the Gettysburg high jayvees fell apart in the second half to lose a 33-0 decision to the Hanover high reserves in a game played here last Thursday afternoon.

Two fumbles on two successive kickoffs deep in Gettysburg territory early in the third period gave Hanover easy scoring opportunities and enabled the Nighthawks to sweep on to victory.

Coach Fred Haehnlen's team showed improvement on breaking up end runs but blocking on the offense was still lacking and inability to retain possession of the ball proved costly.

Reesman, Shaner, Coleman and Heyser played well on the defense for Gettysburg while Whittinghill stood out through his all around backfield work. D. Markle scored three touchdowns for the visitors.

Coach Haehnlen gave his entire squad a chance to perform.

## TRAPPERS ARE URGED TO USE CARE WITH FURS

**Harrisburg, Nov. 8 (AP)**—Pennsylvania trappers last winter lost more than \$1,000,000 through careless handling of their pelts, the State Game commission said today in calling for greater care in the season opening November 10 for skunks, minks and otters.

Estimating last season's catch was worth \$1,500,000, the commission said, "this amount could have been almost doubled if trappers would have spent a little more time skinning the animals, drying them and otherwise preparing them for market."

The commission also urged trappers to save fat and grease for war purposes, pointing out that skunks, which can be taken without limit between November 10 and January 31, are especially rich in fat.

Muskats can be taken by traps only from December 1 to January 31 and beavers by traps only from February 15 to February 29 in the counties of Bradford, Butler, Cameron, Carbon, Columbia, Centre, Clearfield, Elk, Jefferson, Lackawanna, Lycoming, Monroe, Montour, Northumberland, Pike, Snyder, Sullivan, Susquehanna, Tioga, Union, Wayne and Wyoming, the limit for the season being three.

Others can be taken only in Lackawanna, Luzerne, Monroe, Pike, Susquehanna, Wayne and Wyoming counties, with four as the season's limit. There is no limit on mink or muskrat. All seasons open at 8 a. m. and all traps must be tagged with the owner's name and address.

**Bucknell Expects Trouble From Case**  
**Lewisburg, Pa., Nov. 11 (AP)**—The defensive strength of Bucknell's football team will get a stiff test in Saturday's game here with the Case Rough Riders from Cleveland. Coach Johnny Sitarsky, who leaves for the Army next Wednesday, called Case "probably the toughest team we have met all year at home."

## MAROON CAGERS BEGIN DRILLS NEXT MONDAY

A 15-game basketball schedule was announced Wednesday for Gettysburg high school basketball team during the 1943-44 campaign. An effort is being made to schedule two games with the Gettysburg college freshmen.

Prospects for another good team are bright with three letter-men remaining from last year's District 3 champions. Topping the list are George Fair, forward on the varsity for the last two seasons. Bobby March, sharp-shooting guard of last season, will be on hand again while Billy Ogden, who saw considerable action in relief roles last year, will be available.

Others remaining from last year's varsity squad are Richard Culp, Robert Kitzmiller and Eugene Utech.

**Heavy Losses**  
Lost from last season's championship team are Captain Ross Sachs, George Boehner, Don Wickerham, James Spahr and Gaylord Fissel.

The schedule follows:

December 21—York, away.

January 4—West York, away.

Coach Peck McKnight's Trojans walloped Hanover high 26-6 Friday night before 5,000 fans in the Hershey stadium and thereby ended the Nighthawks' dream for another title.

Hershey scored a touchdown in each period while Hanover's lone score was the result of a 70-yard gallop by Musselman in the second period.

## LAUD HUNTERS FOR SHARING SHELL SUPPLY

**Harrisburg, Nov. 6 (AP)**—The Game Commission said today that Pennsylvania hunters have earned the title of sportsmen by generously sharing with others the limited supply of shotgun shells available.

In a statement which expressed the hope that ammunition manufacturers "would be able to get more shells to local dealers as the small game season progresses," the commission said:

"Strange to say, in a good many instances those unable to obtain ammunition held the Game Commission responsible, whereas the truth is that the commission, along with other state game departments, U. S. Fish and Wildlife Service officials, and representatives of the WPB, as far back as last December was doing everything possible to expedite the production of such quantity as the government could release for civilian use without interfering with the war."

Pennsylvania was allotted 825,000 center-fire rifle cartridges and about 6,000,000 shotgun shells by federal authorities.

"There is every reason to hope that an adequate supply of center-fire rifle cartridges will be available for the big game hunters," the commission said, adding it was "optimistic about later deliveries of shotgun shells."

The commission reported four lives have been lost in hunting accidents since the small game season opened October 30.

## CHANDLER MOST VALUABLE STAR IN A.M. LEAGUE

**New York, Nov. 9 (AP)**—Spurgeon "Spud" Chandler still is winning. The big right-hander who won 20 regular season games for the New York Yankees and then won two World Series games has won the poll to determine the American league's most valuable player for 1943.

Receiving 12 out of 24 first-place votes and a point total of 246 out of a possible 336, Chandler led Luke Appling, Chicago White Sox shortstop and league batting champion, by 31 points, with Appling providing the only serious competition.

The choice was made by a committee of 24 members of the Baseball Writers' Association, each committee member voting for 10 men in order of preference. Each first-place vote was good for 14 points, second place nine, third eight, etc.

The remaining 12 first-place votes were divided among five players, with Appling getting five, Rudy York of the Tigers and Bob Johnson of the Washington Senators one each, Bill Johnson of the Yankees three, and Bill Dickey of the Yankees two.

**Appling Honored**  
Appling was the only player to be mentioned among the 10 choices by every voter. Chandler missed out by one, and York was on the lists of 20 of the scribes.

In all, 38 players were mentioned, with the Yankees topping the list with eight nominees. Detroit, Washington, Cleveland and Boston each had five players named, Philadelphia four, and St. Louis and Chicago three each.

Chandler, aside from missing out entirely on one voter's list, was named not lower than sixth on the 23 others, and Appling was not placed lower than fifth with the exception of one ninth-place vote.

Rudy York finished in third place with a point total of 152. Bill Johnson was fourth with 135, and Bob Johnson fifth with 116. From that point on the point totals dropped sharply, with Dick Wakefield of Detroit next in line with 72.

**Best Season**  
The 34-year-old Chandler just finished his seventh and best year with the Yankees. He came up from Newark in 1937 to pitch in 12 games. However, until this year he had been dogged by bad luck, an arm operation and a fractured ankle being among his misfortunes.

He also was somewhat in the shadow of such hurlers as Red Ruffing and Lefty Gomez. As a result this was the first year everything was favorable, and he took full advantage of it. He trained in the south, came north in fine condition and all season was the mainstay of the Yankee mound staff.

Appling's 328 average won him the batting championship for his second time.

**Other Votes**  
The voting, with points received by each man:

Chandler 246, Appling 215, York 152, Bill Johnson 135, Bob Johnson 116, Wakefield 72, Nick Etten, New York, 61; Bill Dickey, New York, 58; Vernon Stephens, St. Louis, 49; Lou Boudreau, Cleveland, 40; Paul Trout, Detroit, 38; George Case, Washington, 37; Charley Keller, New York, 31; Bobby Doerr, New York, 21; Al Smith, Cleveland, 19; Gerald Pridy, Washington, 17; Oris Hockett, Cleveland, 14; Don Gutteridge, St. Louis, 13; Early Wynn, Washington, 13; Jim Bagby, Cleveland, 11; Plinky Higgins, Detroit, 8; Roger Cramer, Detroit, 8; Chet Laabs, St. Louis, 6; Jake Early, Washington, 6; Joe Gordon, New York, and Roger Wolf, Philadelphia, 4; Lamar Newsum, Boston; Joe Cronin, Boston; Jess Flores, Philadelphia, and Gordon Maltzberger, Chicago, 3 each; Frank Crosetti, New York, and Ken Keltner, Cleveland, 2 each, and Pete Fox, Boston; Ralph Hodgins, Chicago; Johnny Murphy, New York; Dick Siebert, Philadelphia; Jim Tabor, Boston, and Hal Wagner, Philadelphia, 1 each.

## Charlie Brickley Works On Ships

**Wilmington, Del., Nov. 8 (AP)**—Charlie Brickley, whose phenomenal dropkicking placed him on Walter Camp's All-American football teams of 1913-14, has only one regret as he goes about his work in a shipyard here.

"I wish they had taught pipe-fitting at Harvard," laments the man who once booted five field goals to beat Yale 15 to 5.

Charlie was a lieutenant in the Navy in the last war and tried to enlist in this one but was turned down because of his age—he's 53 now.

After his three sons went away to war, he pigeonholed his college degree and business enterprises and offered to work at the Dravo shipyards for nothing. But he's paid \$48 a week, the same as the other 31 men in his gang.

Chick and Charlie Brickley, Jr., are with a field artillery unit in England, and John is with the Marines in the Southwest Pacific.

"I got tired sitting around doing nothing at a time when everything I had was at stake—and I mean those boys," says Brickley. "I wanted to help them and if I couldn't do it in uniform, I decided to do it out of uniform."

## Woman-Coached Grid Team Wins

**Philadelphia, Nov. 10 (AP)**—The first victory of a woman football coach over a male rival in the Philadelphia district was in the records today.

Mrs. Edgar Smith's Chestnutwold boys defeated Lianerch 40 to 21 in a grammar school contest yesterday. The red face belonged to Principal William King of Lianerch, who has a woman assistant, Winifred Piersol.

Mrs. Smith is the wife of a former Temple football captain, now a lieutenant in the Army Air Forces.

## RED SKINS AND BEARS LIKELY '43 CONTENDERS

**Chicago, Nov. 8 (AP)**—It was just the other day that George Strickler, the National Football League's public relations director, was pointing out "we don't have many tie games in our league." And then, bingo... two ties on one day, a 7 to 0 ball game that's a scoreless deadlock for a half, and a 21 to 7 affair that's all even, 7 to 7, for two and a half periods.

Out of all yesterday's close competition only the Brooklyn Dodgers and Chicago Bears progressed. The Dodgers beat the Chicago Cardinals by that 7 to 0 margin and thereby won their first victory of the season. The Bears snapped out of it to stifle Green Bay, 21 to 7, and come within a hair's breadth of clinching their fourth straight Western Division championship.

The Washington Redskins' 14 to 14 duel with the Phil-Pitt Eagles didn't set the champions back any, however, for they passed the half-way mark in their schedule with a pretty substantial grip on first place in the east.

Now they'd have to lose two and tie one of their remaining five games before Phil-Pitt or New York could catch them. And for that to happen, the Giants, held to a scoreless tie yesterday by Detroit, would have to win all their remaining games, including two with Washington and one next Sunday with the Bears, or Phil-Pitt would need to polish off all its next four foes, including Washington and Green Bay.

So the signs point quite definitely to a championship meeting December 19 between the Bears and Redskins again. It's slated for Chicago.

## HORSES BRING RECORD PRICES AT HARRISBURG

**Harrisburg, Nov. 11 (AP)**—Eddie D., a two-minute pacer consigned by Mrs. Frances Dodge Johnson, of Rochester, Michigan, topped a list of more than 60 harness racing horses up for sale today at final auctions of the Standard Bred Horse company.

The chestnut horse is the first pacer of its speed to go on the market in recent years, sale officials said.

Also put on the auction block were seven horses owned by the estate of Homer D. Biery, of Butler, including Stonebridge Direct, holder of the world's four-heat race record on half-mile tracks.

Yesterday, an average price of \$1,878 for a consignment from the Village farm, of Langhorne, broke all previous records for sale of a single consignment. The previous high was \$1,815 paid at Lexington, Kentucky, earlier this year for 72 yearlings consigned by the Walnut Hall farm of Lexington.

The 21 Village farm yearlings brought a total of \$39,450. The highest individual price was \$8,000, paid for On Parade, a bay pacer by His Majesty out of Amelia O'Hanlon. The purchaser was C. M. Saunders, of Toledo.

The \$8,000 paid for On Parade was a record price for the sale. Previous high for a colt sold here was \$6,000 for Gem Hanover in 1939.

Some 117 horses were sold for a total of \$130,820—an average of more than \$1,100. Forty-one horses consigned by the Hanover Shoe farm, of Hanover, Pa., were sold for a total of \$46,675, or an average of \$1,138.

Sale to Mrs. Johnson, who consigned Eddie D., of Mose Hanover brought the day's most spirited bidding. Mrs. Johnson bought the black colt (by Mr. McElwyn out of Volga Hanover) for \$7,100 under William Dickerson, agent of A. Roland Harriman's Arden Homestead stable of Goshen, New York, ran the price to \$7,000. The horse was consigned by the Hanover farms.

## IRISH DESERVE TOP RATING IN FOOTBALL POLLS

**By TED MEIER**  
**New York, Nov. 8 (AP)**—Seeing is believing.

Until Saturday we had kept our fingers crossed while reading how wonderful Notre Dame was in drubbing teams like Michigan, Navy and Georgia Tech, but after watching the Irish trounce previously unbeaten Army, 26-0, we hasten to jump aboard the South Bend band wagon.

The Frank Leahy coached eleven deserves its ranking as the No. 1 college football team in the country primarily because of a great line, led by Tackle Jim White, that clears the way for a host of quick-starting backs.

The game supplied the answer to the question that puzzled fans all last week. How good would Notre Dame be without Angelo Bertelli, the passing wizard? The answer, in the words of Lt. Colonel Earl Blaik, Army coach: "Lujack is just as good as Bertelli."

All Johnny Lujack did was throw two touchdown passes, score a third himself, call the signals, do most of the punting and catch Carl Anderson from behind when the Army back seemed on his way to a score after intercepting a pass.

**USC Is Beaten**  
The other outstanding developments of the week-end were Navy's surprising 24-7 rout of Pennsylvania and Southern California's 10-7 defeat by the San Diego Naval Training Station. Both Penn and USC previously were unbeaten while the Trojans had failed to yield a point.

Penn, which surprised by tying Army a week earlier, led the Navy, 7-6, at halftime, but faded in the second half before 73,000 as the Middles, sparked by Hal Hamberg's passing and running, rebounded from a 33-6 Notre Dame licking.

Minus Tony Blukovich, Purdue's undefeated, untied Boilemmers were hard put to beat Minnesota, 14-7, but won their eighth straight in the last 40 seconds on a 19-yard pass after recovering a Gopher fumble.

**Michigan Winner**  
Michigan, beaten only by Notre Dame, walloped Indiana, 23-6, while Cornell bounced back from its Holy Cross defeat to take Penn State, 13-0; Northwestern pasted Wisconsin, 41-0, and Great Lakes took Camp Grant, 12-0.

In other games Ohio State rolled up a 46-6 score on Pitt; Dartmouth whacked Columbia 47-13; Brown staved off a late Yale rally to beat the Eli, 21-20; Holy Cross walloped Temple, 42-6, and Villanova, led by Al Postus, trampled Princeton, 45-22.

Outstanding games this week-end, in addition to Notre Dame-Northwestern include Cornell-Dartmouth, Navy-Columbia, Yale-Princeton, North Carolina-Pennsylvania, Army-Sampson Naval, and Temple-Penn State.

**Also rans:** 21, Great Lakes 13; 22, Colorado College 11; 23, Southwestern Louisiana 10; 24, Arkansas Aggies 9; 25, Bainbridge (Mo.) Naval Training 8; 26, Colorado University 2; 27, Randolph Field (Tex.) 1.

**Score by periods:**

Biglerville.....0 0 0 0-0

Touchdown, Folmer. Substitutions: Biglerville, N. Lady, McClimens, Bucher, Delone—Murphy, Lawrence, Staumbaugh, Desch, Sneyering, Murren, Rinehart, Small, P. Overbaugh, Sterner.

## WILLIAMS MAY MEET CHAMPION

**Philadelphia, Nov. 11 (AP)**—That feud of words between Bob Montgomery, holder of the lightweight boxing title in Pennsylvania and New York, and Ike Williams, the Trenton boy who boasts 39 consecutive ring triumphs, appeared headed for the action stage today.

Promoter Herman Taylor announced last night that Williams would meet the winner of the Cleo Shans-Ellis Phillips match at the arena next November 22, and the winner of that one will meet Montgomery at Convention hall early in January.

Those who saw Williams hand Johnny Hutchinson a terrific shell-lacking here Monday night were unanimously of the opinion that the loser of the Shans-Phillips set-up would be the luckier individual, and there wasn't much doubt about who would get the shot at the champion.

**Signs Long Contract**  
The day after Williams' sensational victory, Taylor announced he had signed Williams to a five-year contract for exclusive use of his talents, and inasmuch as he already has a similar claim on Montgomery's services, he can't lose.

The usually amiable Montgomery came out with a verbal blast before the Williams-Hutchinson battle to the effect that Ike didn't belong in the same ring with Johnny, and Williams replied in kind. He had hardly stretched Hutchinson on the canvas before his manager, Connie McCarthy, was on his feet shouting, "now we want Montgomery."

**Conn Shows Form**  
**St. Louis, Nov. 11 (AP)**—Cpl. Billy Conn, now at Jefferson barracks, stepped two rounds each with a pair of fellow soldier-boxers last night and showed he retains the timing, footwork and left hook that made him a leading contender for the heavyweight crown.

His opponents were Pvt. George Reek, 200-pound Chicagoan, and Pvt. Jim Ritchie, St. Louis, 1940 National Golden Gloves champion.

Albert Leroy Wolford, Gettysburg, was accepted for special assignment duty with the U. S. Navy Seabees following a physical examination at Harrisburg, Thursday.

## Wasdell Ordered To Report For Induction

**Philadelphia, Pa., (AP)**—Phillies fans had a bunch of new developments to mull over today.

In quick succession Nov. 5 the club office announced release of Scout Bill Killefer, signing of Walter (Boom Boom) Beck as manager of the Utica Braves of the Eastern league with whom the Phillies have a working agreement, and receipt of news that outfielder Jimmy Wasdell has been ordered to report for induction into the army.

William D. Cox, Phillies president, said Ted McGrew, who came here recently from the Brooklyn Dodgers, will be chief scout.

## BETTER

Sweetest single word I know:  
Better!  
From the sick room whispered low:  
Better!  
After many an anxious night,  
New Hope putting fear to flight:  
Word of infinite delight:  
Better!

What more cheering word than this?  
Better!  
Two rich syllables of bliss:  
Better!  
Passed the crisis, dreaded long,  
Back once more where all seemed  
wrong.  
Back once more to mirth and song:  
Better!

Word that staves the blinding tear:  
Better!  
Word that loved ones pray to hear:  
Better!  
Calmer was the night of rest!  
Slower throbs the troubled breast!  
Rapture, in one word expressed:  
Better!

## HOME FOES

We who do so little here,  
We who merely speak our creed,  
Safe from every form of fear,  
Have for bravery greater need.  
They, the young who face the foe,  
Pressing on, perhaps to die,  
All the thrills of battle know,  
Land or ocean vast or sky.

With their fellows they can stand  
Where their every act is known,  
Stout of heart and strong of hand,  
Soldiers of the battle zone.

We, who safe at home must stay,  
Where no enemies assail,  
Must courageous be as they,  
Lest in little tasks we fail.

When next the tyrant cries enough  
And begs for mercy, as he will,  
God grant that day will put away  
Forever men's desire to kill.

When next the tyrant, hands in air,  
Admits his trust in might was vain,  
God grant to men such wisdom then  
That war shall never strike again.

Time was an armistice was asked,  
And men and women danced with glee.

For those who fought were told, and thought,  
That strife again would never be.

But pacts were made that fostered hate  
And evil rode with discontent,  
To guns and swords were trained new hordes  
And back to war the nations went.

Now soon, once more must come the day  
When despotism's power will break,  
And this we pray: God grant that they  
Shall pass of peace enduring make.

## SELF-SEARCH

Still, all my little whims I keep  
And all my won'ts and wills,  
While he, where rapid cannon sweep,  
Braves grimly guarded hills.  
By little extra tasks I face  
To grumbling I am stirred,  
But he, from danger's desperate place,  
Sends no complaining word.  
I walk the clean-swept city street  
The while he slogs in mud,  
The grass I see is green and sweet,  
His fields are red with blood.

I wait that I am overtaken,  
That less my share should be,  
While every day that boy is asked  
To give his life for me.

Miss Dorothy M. Warner, county supervisor of special education, will be among the countians attending the Child Welfare conference, Monday at Huntingdon.

## Flashes Of Life

## JUST A MEMORY

Pittsburgh (AP) — Louis E. Sparr's elation quickly became chagrin after the police arrived.  
His car struck and killed a 160-pound dog that bounded onto the Ohio river boulevard near suburban Glenfield, and he had visions of huge ration-point-free steaks.

The officers reminded him of a State Game and Fish commission law—he can't have the meat.

## FOR THREE CENTS?

Hanford, Calif. (AP)—Postmaster Harvey Washburn still is trying to deliver a letter addressed to: "James Sullivan, painting his cousin's house; a short guy, a little bald and a scar on one knee."

## LAST RESORT

Salt Lake City (AP)—Her parents rushed 19-month-old Valoy Peck to Emergency hospital after she began to choke while eating salmon.

All the doctors were out.  
An attendant couldn't remove the bone.  
So Valoy just coughed it up.

## OH, SURE—

Kansas City (AP)—The first snow fell yesterday, November 7, and the weatherman confirmed, in a way, the old tale linking the number of snows with the date.  
"Sure, there will be seven snows this winter," he said. "At least seven."

## WHOSE STOGIE?

Pottstown, Pa. (AP)—Every morning when Mrs. Lester M. Boughter opens her front door she finds a cigar butt resting on her front door step in approximately the same spot. After a month, she asked police to solve the mystery—so far without results.

## WHERE'S MY PET?

Wilkes-Barre, Pa. (AP)—Collie sits patiently outside the bus station awaiting the return of the sailor-master the dog accompanied there six weeks ago.  
The faithful dog runs hopefully toward every sailor he sees, then walks dejectedly back to his post. Although fed by station attendants, the collie becomes thinner as the weeks go by.

## JUST A "BOY"

Omaha, Neb. (AP)—An Omaha messenger dashed into district court and shouted, "Judge Beal!"  
The judge, lawyers, jury and spectators eyed the messenger. He had interrupted a first-degree murder trial. Judge Henry Beal motioned him forward.

"You won't fine me for contempt of court?" he queried cautiously, presenting a telegram. Judge Beal assured him there would be no fine.

Relieved, the "boy," about 75 years old, hurried from the courtroom.

## BRIDAL CHARM

Northampton, Mass. (AP)—Because its last 12 occupants in the past two years have married, a "charmed" room in Smith college dormitory, now the sleeping quarters of WAVES, has a "waiting list a mile long," says the college paper. "Scan." The latest occupants of the room to win husbands were two WAVES.

## HEAVY DRINKER

Hickory, N. C. (AP)—Deputy Sheriff Charlie Fox said that for the first time in his life "I found a drunk I couldn't bring in."

It was an 800-pound Guernsey cow which had eaten a quantity of mash at a liquor distillery and passed out on the spot. Two other cows, drunk but conscious, were put in a nearby barn, Fox said.

## FARM BOY

Philadelphia (AP)—"You people are all city slickers and don't know how to live," Alvin Nerenburg, 15, told his teachers.

Alvin got a job on a farm at Thetford, Vermont, last May through the school farm program. The board of education finally was forced to issue an order compelling him to return home.

## REPAID, WITH INTEREST

Spokane, Wash. (AP)—Detectives Mike Vecchio and Harry Davenport rounded up two teen-age boys who admitted looting a rabbit hutch.

For two hours Vecchio and Davenport drove around town, returning to owners the bunnies the boys had given them.

But the boys must have had the rabbits in their possession quite a little while.

The detectives found they had more rabbits than owners.

SECRET WEAPON  
Portland, Ore. (AP)—Three Portland youths spied an unattended Army jeep and thought it would be a cinch to operate.

It isn't like other cars, they learned.  
The trio knocked over a roadside mail box, plowed through 20 feet of cedar hedge and mowed down a deputy sheriff's fence before bringing it to a stop.

## PREMIUM

Portland, Ore. (AP)—A Portland druggist lost the stone from his diamond ring.

## Letters To The Editor

Dear Sir:

As a buddy of one of your home-town boys, Tech. Sergeant Daniel Dentler, I take the liberty of writing you about Dan as another soldier sees him.

I work in the Group Operations office under Sergeant Dan and have spent many evenings mulling over with him the letters to your paper from soldiers, so it occurred to me you'd be interested in having a letter about a soldier instead of from one.

I'm from California, the "booster-state," but Dan has nearly sold me the state of Pennsylvania with his high-powered line. If Adams county is half as wonderful as he describes it, I want to settle down there after this thing is over.

Dan is the top enlisted man in our headquarters operations office, so things are kept strictly "on the ball." He ought to know his stuff, though—he's spent all his Army life in operations work, helping keep Army planes flying. He attended radio school in Illinois and was a student in the School of Applied Tactics in Florida (where they really work 'em over), and was apprenticed to operations—one of the most vital departments in heavy bombardment groups—in Idaho and North Carolina. Dan has had a wide experience in handling men in 47 states of the Union! No wonder he has the respect of the soldiers who serve under him.

Here at Muroc we're located on the flat sandy desert where the wind blows across the sage and most every day you find an inch of dust on the floor of your hut. As you can imagine Dan has one heck of a time keeping up his immaculate appearance under these conditions. This is Dan's first trip to California so he's making the most of his days off by visiting Hollywood—he'll have plenty to tell the folks back home about the glamorous city where movie stars are as thick as flies.

The Army presents many problems of adjustment, folks, but one thing that makes it easier for us guys out here on the line is sergeants like your Dan Dentler.

Yours truly,

Cpl. Don Bess  
Hq Det, 456th Bomb Gp  
AAB, Muroc, California

Dear Sir:

It is once more and again I am writing to you thanking you for the many copies of the Times I received while being in Africa. But since I last wrote to you I have moved on to another part of the world, arriving in Italy. Censorship regulations are very strict. However, I think I can find something to say that is within the limits of censorship.

The trip from Africa to Italy was very picturesque, beautiful (mountain) towns and cities, certain islands and the deep blue sea under us, the blue sky overhead. We finally reached our destination at which time we debarked and made for the shore, our company assembled and began hiking (which the Army is noted for doing) to our area. Upon arrival there we made ourselves as comfortable as possible and began to eat our "C" rations which were given to us and we were given orders to be as conservative with our food and water as possible, because we didn't know just what facilities were for getting more or how soon.

Everyone seemed to be in good spirits and was curious to know what the future held in store for us. After chow (as the Army calls it), we prepared to pitch tents in which to bivouac for the night. After doing that most of us were very tired, I think, and it was fast growing dark so we turned in for the night. It rained the same night and got very uncomfortable but a soldier is like they say about a Boy Scout, he doesn't mind the weather and takes it with his chin up and a smile on his face and this I think most of our men did.

Next morning we got a fresh start and I really saw some of the horrors of war as we journeyed on our way. I must say it's not a very pleasing sight to see either. There is much fruit of all varieties to be had here. Also, most of the people here are very friendly and make their living by selling fruit and nuts. The children are quite different from the ones in Africa. They understand more English and like to give you something in exchange for what they want. I have never seen such an ambitious group of children, always willing to give a soldier a helping hand with whatever he is doing, and love to walk the streets with him. I guess they feel well protected by so doing.

I must say that the people back in the States are really blessed according to what I have seen here and they should be real thankful for the bountiful blessing which is theirs to enjoy in ease and comfort.

Well I guess I will let this suffice for now and will write more next time. In closing may I once again express my deepest appreciation for the many copies of The Times it was my pleasure to enjoy in the past and I hope it will soon catch up with me so I can again enjoy it. Must say so-long now and lots of luck to everyone so until I write again I remain,

Yours sincerely,

Dear Sir:

## HERE AND THERE

Congressional Record there appears the following tribute to women by Senator John L. McClellan, of Arkansas:

"I wish to address a few brief remarks to a very significant event which took place in the United States Senate today. For the first time in the annals of this great deliberative, legislative body, a member of the gentle sex has officially opened the proceedings of the Senate and will continue for the day as its acting president pro tempore. It is my pleasure to state that the lady of this distinction honors my state as being one of its United States senators."

"Senator Hattie W. Caraway, whom we all know and revere, came to this body succeeding her distinguished husband, and has endeared herself in such a way as to have risen to the highest pinnacle of our esteem. Through the circumstances of the vice president being away from Washington and the regular president pro tempore being detained by illness, it was our pleasure to see Mrs. Caraway named as our presiding officer."

"The world today owes much to women. They have performed courageously and brilliantly in every field of human endeavor. In the war movement there have been WAVES, WAVES, SPARS and MARINES, and the gentle touch of women as nurses has soothed many of the afflicted. In civilian defense women have been more than alert, and in the industrial world they have taken over man's work and have excelled in all these activities."

"I may say that I am happy on this occasion to pay tribute to the women of this country, and to my colleague, the senior senator from Arkansas. Women are nobly doing their part in the defense of our country. In every endeavor in which loyalty and human intelligence are required, they serve with our men supremely."

To which we add, Senator: For untiring and unselfish service in the all-out war effort Adams county women are second to none. They are serving generously and well in every endeavor. We are especially proud of our Adams county women.

Taking all of Adams county's 39,435 residents around the world in sleeping cars more than 16 times would be a tremendous undertaking, yet that

Signal Depot, Lexington, Kentucky. While here I have had the opportunity to work with all types of radio sets. It was a fine course and I feel that I have learned many valuable facts concerning radio communication.

It has been my pleasure to receive The Gettysburg Times for more than two years regardless of where I have been located or how often I have moved. I sincerely thank you and all concerned for making that possible.

Effective immediately, will you once again send The Gettysburg Times to my home station?

Thanking you again for past services rendered, I am,

Respectfully,  
LT. DALE W. STARRY,

A.P.O. No. 258,

Dear Sir:

I wish to thank you for the Service Edition of The Times which I have been receiving regularly.

We, in the service, are always anxious to hear all kinds of news from the old home town and your Service Edition gives us just that.

Our training at this station consists of the study and operation of all types of guns. The training is intensive and very interesting. In a few weeks we will be in charge of the training of gun crews. The crews are composed of enlisted men, just out of boot training. Most of these men are high school age, and they are a fine group of men.

Sincerely,  
Ensign Richard A. Folkenroth,  
Armed Guard School

Dear Sir:

Just a few lines to express my sincere appreciation for sending me the "Gettysburg Times." Of course, I meant to do these few lines a couple of weeks ago, but we have been kept busy drilling, as my company has been the 1st fifth week to ever win the "E" flag in the fifth week of training and we are working hard to hold it until we graduate on November 17, 1943.

Really I love the Navy very much because it has changed me a great deal. Even made me a real man too. "Boot" training is something great. I pray each and every night for my dear folks and friends back in G-Burg, that I may be one to help and end this darn war, so we can return home to our dear wives and loved ones we have left behind.

Best of luck to all my friends in Gettysburg there at home.

Yours truly,

## HOLD 2 YOUTHS FOR ROBBERIES

Two 15-year-old county youths were in custody of their parents today waiting an appearance before Juvenile court for allegedly stealing two watches, several rings, \$55 in cash and other articles in Mt. Joy township.

Four robberies were committed in all by one of the youths, while the other took part in only one of the thefts, according to Corporal Earl Moore, of the local state police, who apprehended the boys. The robberies extended from September to November 4 with the homes of Howard Storm and Harry Burns, both of Gettysburg R. 1, being rifled by the youngsters, according to police.

The Burns home was entered three times with a total of \$55 in cash pilfered during the visits. Two watches, the rings and other small articles were stolen from the Storm home, which was entered once. One of the watches and the other small articles were recovered by police.

The other watch, police say, was destroyed after the youngsters attempted to sell the watch and were unable to dispose of it. All of the money apparently had been spent, the officer said.

### 50TH ANNIVERSARY

Mr. and Mrs. Harry L. Junkins, York Springs, celebrated their fiftieth wedding anniversary on Sunday. To mark the occasion a dinner was served in their honor to more than forty guests. ## COUNTY GIVEN TEN BICYCLES FOR NOVEMBER

The rationing quota for new bicycles—which, because of critical wartime need for the material used in making them, have practically disappeared from the market—has been set at 362 bikes for November in the Harrisburg 10-county district. It was announced today by the OPA. Adams county is allotted 10 bicycles.

Reflecting the shortage of new passenger and truck tires, the District OPA office announces that there is available, for rationing during November, 30 per cent fewer new tires for trucks and 14 per cent fewer new tires for passenger cars than in October.

Increases in maximum base prices for processed turkeys, made necessary by increased farm prices which processors have to pay for the live birds, have been established by the OPA. The action will add from one-half to three cents per pound to the price of dressed turkeys at retail, and will increase the cost of America's Thanksgiving dinner this year in comparison with last year by an estimated 7 1/2 million dollars. It affects mainly dressed, kosher-killed, kosher-dressed and plucked turkeys.

### Books 1, 2 Out

Local War Price and Rationing boards have been notified today by the OPA that no more copies of War Ration Books One or Two are to be issued by the boards for any purpose whatsoever.

All stamps in the two books have now expired except Stamp 18 in War Ration Book One, used in buying shoes, and blue stamps X, Y and Z in Book Two, which are valid for buying rationed processed foods. These stamps should be safe-guarded against loss because local boards are no longer authorized to replace them if lost, stolen or destroyed.

The shoe stamp will be valid until further notice. If it ever becomes necessary to set an expiration date 30 days' notice will be given to holders for their guidance.

The blue stamps X, Y and Z may be used to buy processed foods through November 20.

## NURSES' AIDES HEAR PHYSICIAN

The Nurses' Aide Corps held its first educational meeting Wednesday evening at 8:30 at the YWCA.

Dr. W. S. Mountain explained the duties of a nurses' aide in connection with the Civilian Defense organization. He pointed out that the primary duty of an aide is to serve the hospital. However, he said, when the Civilian Defense organization is perfected nurses' aides will be needed to assist in various units such as mobile hospitalization, first aid squad, ambulance corps, gas and decontamination squad, or mobilization to assist in other territories.

He lamented the fact that there are not sufficient aides to properly man all the Civilian Defense units and suggested that some of the members will have to serve on more than one unit until more nurses' aides are available.

The corps captain then appointed a committee to meet with Dr. Mountain to learn more specifically the training necessary to work with the different units.

Mrs. Goodwin, a nurses' aide from Salt Lake City, Utah, who is temporarily located in Gettysburg, joined the local corps and indicated her desire to be of service to the community. Mrs. Henry M. Scharf, chairman of Nurses' Aide Corps, and Mrs. Sydney Poppay, directress of the Corps, also attended the meeting.

The next meeting will be held the second Tuesday in January.

## Inductees Cannot Get Furlough Gas

Inductees are not eligible for furlough rations or gasoline, it was announced Thursday by the OPA.

"Washington has ruled that an inductee may not qualify for furlough rations for travel during the interim between induction and the date when the inductee actually reports for duty.

"During such period the inductee is not a member of the armed forces of the United States, but is enrolled as a member of the Enlisted Reserve Corps. He is not subject to military discipline, nor does he receive any salary or benefits from the Army. Also, this interval period is not considered by the Army or Navy to be a 'pass, leave or furlough,' the OPA said.

### AUTOMOBILE STOLEN

Dale C. Pottorff, Gettysburg R. 4, reported to York City police Wednesday morning that someone had stolen his automobile from where it was parked at Hamilton avenue and George street, York. It displayed Pennsylvania license registration tag number, 3734K and motor and manufacturer's number, 183072951.

## LEGION AUX. TO SELL BONDS; AID WAC DRIVE

The Gettysburg unit of the auxiliary of the American Legion launched a new bond selling campaign at the meeting Monday evening at which participation in the WAC recruiting drive was planned; delegates to the next four-county council sessions were named and membership reports were given showing a current enrollment far above the figure for the same date last year.

Mrs. Joseph E. Codori, war activities chairman for the Auxiliary, told of state-wide plans for Legion Auxiliary members to sell enough bonds to finance an ambulance plane for use at American battlefronts. The county's quota in the drive is \$15,000, she said.

The drive will be conducted along lines similar to those used earlier this year to help finance the construction of a submarine. The sub recently was launched.

## Department Of Commerce Releases Interesting Article And Photographs On Lincoln's Address

The Pennsylvania Department of Commerce, in commemoration of the 80th anniversary of Lincoln's Gettysburg Address, has released to hundreds of newspapers an interesting article and two large two column illustrations. The article deals with an historian's account of where Lincoln wrote his address. The illustrations are of the Soldier's National Monument marking the spot where Lincoln stood when he spoke here and a photograph of the room where Lincoln slept as the guest of Judge David Wills. The article follows:

"Eighty years ago, November 19, 1863, President Lincoln delivered an address at Gettysburg that today is considered one of the greatest—if not the greatest—oration ever delivered by any man, anywhere, anytime. Known today as the 'Gettysburg Address,' it has been translated into every language in the world—and yet Lincoln didn't think so well of it.

"In speaking at the dedication of the National Cemetery, just a little more than three months after the battle there between the Blue and the Gray, Lincoln said 'the world will little note nor long remember what we say here but it can never forget what they did here.' In that address he also remarked 'that government of the people, by the people, for the people shall not perish from the earth.'

**Everett Lands Speech**  
"Edward Everett, one of the greatest orators the nation produced and who delivered the principal address at the dedication, spoke for two hours. When Mr. Lincoln had concluded his brief 'remarks' Mr. Everett said to him 'I would gladly exchange all my hundred pages to have been the author of your twenty lines.'

"Whether President Lincoln wrote his address in Washington, on the train going to Gettysburg or in the home, at Gettysburg, of David Wills, is a question historians have not cleared up. Wills was the special representative of Governor Curtin, of Pennsylvania, and the most active agent in the establishment of the National Cemetery.

"Mr. Lincoln left Washington at noon on Wednesday, November 18. There were four passenger coaches in which rode the President, members of the cabinet, foreign ministers, private secretaries, officers of the army and navy, newspaper correspondents and a military detail serving as a guard of honor. The train arrived in Gettysburg about dusk of the same day and Mr. Lincoln spent the night at the home of Mr. Wills.

### Wrote Speech in Hotel

"In his 'History of the United States for Schools,' Morory writes: 'There is conclusive evidence that the words of the address were not written until after the presidential party arrived on the ground.' In an appendix it is stated: 'The following account of how the address was written was received directly from the lips of ex-Governor Curtin, of Pennsylvania, who was present on the occasion and knew whereof he affirmed. Governor Curtin said that after the arrival of the party from Washington, while the President, his cabinet, Edward Everett, the orator of the day, Governor Curtin and others were sitting in the parlor of the hotel, the President remarked that he understood the committee expected him to say something. He would, therefore, if they would excuse him, retire to the next room and see if he could write out something.'

"Today at Gettysburg the room in which Mr. Lincoln slept the night before the dedication is carefully preserved in faithful detail. It is the mecca of visitors to that community. In the National Cemetery rises a handsome monument on the spot where that address was delivered and a bronze plaque carries the words of the text.

### Significant Speech

"The words of Lincoln's address have more appreciation today than ever before," says Floyd Chalfant, Secretary of Commerce. "That address carried a ringing challenge down the years and is of particular significance in these days when America is engaged in another struggle. It is not only the highest expression of oratory in existence. It is an immortal document on liberty and the equality of men not only here but everywhere.

"No wonder people stand in reverent awe on the spot at Gettysburg where these words were spoken, words that add to the immortality of Lincoln, words that make the brightest and most glorious page in the book of American eloquence and statesmanship."

## Send Christmas Mail In November

Delivery of the annual flood of Christmas gifts and cards on time, always a serious problem, "will be more than a problem this year—it will be an impossibility—unless Christmas mailings are made largely in November," Postmaster General Frank C. Walker warned today.

"Transportation facilities are burdened to the limit with war materials and personnel, and the Postal Service has sent more than 31,000 experienced employees into the Army and Navy," Mr. Walker said. "The only solution to the Christmas problem is: MAIL IN NOVEMBER. Mark your parcels. Do not open until Christmas." That is the only way to avoid disappointment on Christmas Day not only for many civilians but also for millions of members of the armed forces who are still in this country.

"It is also the only way to avoid the possibility of a Christmas emergency in the transportation and postal services. If the public will cooperate by mailing their Christmas parcels during November, we can handle a small volume of light, last-minute mailings, such as cards, up to December 10—but we can do that and avoid an emergency only if November is really 'Christmas Mailing Month.'"

Postal officials pointed out that the volume of mail now is far above any previous records, that railway cars by the hundreds have been diverted to war service and that the air lines have only about half as many planes as they once operated.

More than two hundred thousand extra temporary employees normally are employed to help with the holiday postal rush. This year, the extra employees will be largely women and high school boys and girls who are unable to work the long hours usually required and whose work will be relatively slow.

To deliver the Christmas mails on time, therefore, it is necessary that mailings be spread out over a longer period so that available transportation equipment and postal personnel can be used during more weeks. It will be utterly impossible to make the deliveries by Christmas if mailers wait until the last three weeks before the holiday, as in normal years.

There is another reason for shopping and mailing earlier than ever before. Retail stores are short-handed. Purchasers can avoid shopping in crowded stores, long waits for service, and other inconveniences of late shopping if they buy now. They will also doubtless have a better choice of merchandise than will be available later.

Postmaster General Walker observed that his warning is not an attempt to tell the public what to do; it is only an advance notification of what will happen if they mail late. He feels that the public is entitled to the facts, and that when they know them, they will decide to MAIL IN NOVEMBER.

The abandoned CCC camp No. 2 on the Battlefield has been converted into a small army camp by a "near-by Army Camp" it was officially learned Thursday.

Because of the restrictions of censorship and in the interest of military secrecy details of the new set-up cannot be divulged.

It was officially stated that a near-by Army Camp has decided to utilize the facilities of the abandoned CCC camp because of the expansion at the regular camp site and in connection with extensive training activities instituted by the main encampment.

The local camp, a temporary set-up, has been named Camp George H. Sharpe in memory of General George Gordon Meade's Intelligence Officer during the Battle of Gettysburg.

## OPA CHECKING XMAS PRICES

An intensive survey of prices of all major holiday gift items has been launched by the OPA Price Division. It was announced today by A. P. Livingston, price executive in the District OPA office, Harrisburg.

The purpose of the checkup, which was begun Monday and will continue throughout the Xmas shopping season, up to December 25, "is to make sure that there is definite compliance with price ceilings for all types of gift items such as luggage, cosmetics, toilet preparations, women's and men's apparel, holiday candies and many fruit items," Livingston said.

A force of investigators has been assigned to the job and began with a survey in Harrisburg. The check will be made in all other key trading areas in the 10-county district.

Aiding the price division in the work will be a number of men from the OPA Enforcement Division and every effort will be expended toward making it as complete as possible.

"The cooperation of the public is asked in this survey," Livingston states. "Anyone noting an apparent violation of price ceilings is urged to immediately notify the Price Panel of the War Price and Rationing Board serving them, furnishing the necessary details—what was purchased, where and when it was bought and how much was paid. The name of the person registering a complaint will not be divulged."

## No Extra Gas For Trips To Florida

Any motorists who anticipated getting special rations of gasoline from the Office of Price Administration for motor trips to Florida or other southern states for the winter, are out of luck, Frank J. Loftus, acting director of the Harrisburg OPA district, said Saturday.

In a directive to War Price and Rationing boards, Loftus calls attention to OPA regulations that forbid the allocation of gasoline for such trips, even though doctors certify the trip necessary for health, or on the claim that such travel will result in a net saving of petroleum products by reducing consumption of fuel oil for heating northern homes.

It is reported that some ration boards have been literally "swamped" with applications for special rations to drive to Florida and other southern resort communities. OPA regulations clearly state that it is a violation to issue special rations for travel to a more favorable climate for reasons of health, it is pointed out.

Two of the properties are lots on South Washington street while the third is the Warner estate tract near the Warner hospital which is to be re-sold after an initial tax sale a year or more ago failed to satisfy all of the tax liens.

Directors said more tax sales may be in prospect for next year for liens, under state law, may not be renewed beyond next year. Unless the taxes are paid, the school district will have to force sales to clear their records, directors said.
